30th of March. The house, by eighteen votes in the affirmative to one vote in the negative, passed a resolution adopting the majority report, and de-claring that the contestants "having been duly elected on the 30th of March, 1855, are entitled to their seats as members of this house." Whereupon four of the sitting members, whose seats were vacated by the adoption of the majority report, signed a protest, and asked that it be spread on the journal of the house which was accordingly done in the following words:

"PROTEST .- " We the undersigned members af the house of representatives of Kansas Territory believe the organic act of organiz-ing-the said Territory gives this house no power to oust any members from this house who have received a certificate from the governor; that this House cannot go behind an election called by the governor, and consider any claims based on a prior election. We would therefore protest against such a proceeding, and ask this protest to be spread upon the journal of this house.

"John Hutchinson, William Jesssee, Auugustus Wattles, E. D. Ladd." Under date of July 6, the journal contains message from the governor to the "house of representatives of the Territory of Kansas" returning " house bill entitled An act to rein move the seat of government, temporarily to the Shawnee Manuel Labor. School, in the Territory of Kansas, together with his objections." While the governor, in assigning his reasons for returning the bill, labors to prove that the legislature had transcended its authority under the organic act, in adopting this particular measure, and argues against its expediency on the score of the loss of time and money in removing to a different place during the session, be clearly and distinctly recognizes the council and house of representatives as constituting the legislature of the Territory of Kausas, elected and organized in conformity to the act of Congress creating

On the same day the following resolution was adopted by both houses:

A. D. 1855, to meet again on Monday, the 16th day of July, 1855, at 2 o'clock p. m., at the Shawnee manuel-labor school, in the said Territory."

And on the same day the following resolution was also adopted by both bouses: "Resolved. That a committee of three be

On the 21st of July a message was received from the governor, by his private secretary, Mr. Lowry, directed "To the House of Repesentatives of the Territory of Kansas," in which he says: I return to your House, in act to prevent the sale of intoxicating liquors and games of chance within one mile of the Shawnee Manual Labor School in the Territory of Kansas," and the bill entitled "An act to establish a ferry at the town of Atchinson. in Kansas Territory," without my approval.-I see nothing in the bills themselves to prevent my sanction of them, and my reason for disapproval have been doubtless anticipated by you, as necessarily resulting from the opinion expressed in my message of the 6th in-

CATHARTIC PALS

CATHARTIC PLAS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure.

FOR COSTIVENESS.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

FOR DYSPETSIA, which is sometimes the cause of Costiveness, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the hearthern, bodyburn, and southern of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you:

FOR NERYOUNDER, STOMACH, or Morbid Inaction of the Spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

FOR NERYOUNDER, STOK HEADACHE, NAUSEA, Pain in the Stomach, Back, or Sida, take from four to eight pills on going to bed. If they do not operate sufficiently, take mere the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

FOR SCROPULA, ELYSITELAS, and all Diseases of

FOR SCROPULA, ENYSIPPLAS, and all Diseases of the Skin, take the Pills freely and frequently, to keep the bowels open. The cruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should, parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

of the unclean diseases of the skin, because your system wants cleansing.

To Publify the Blood, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every

where.

Liver Complaint, Jaundice, and all Billoud Affections arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion within the bills and render, it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evilz. Costiveness, or alternately costiveness and diarrhora, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhora, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RHEUMATISM, GOUT, and all Infammatory Fecers are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a DINNER PILL, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more pleasant to take, and certainly none has been made more pleasant to take, and certainly none has been made more pleasant to take, and certainly none has been made more pleasant to take, and certainly none has been made more pleasant to take, and certainly none has been made more offectual to the purpose for which a dinner pill is employed. Terrible Accident, HAPPENED to Mr. Green the other day.— He had bought a suit of roady-made clothes at the Store, and the first day's wearing the accident occurred, First, off drapt his cont-tail by the mere force of specific gravity, giving to unfortunate man the apperance of a badly trimmed eraft with the flying jib in the stern, and on tooping over to pick up the remnant, the dreadful casualty took place—the fountains of the great deep were broken up-Green's pants were sundered from ankle to waist, and Green himself seemed to be. The only way to prevent such deplorable accidents is to patronize a skillful tailor, who makes up his work with a determina-tion that it shall not only fit neatly, but wear well. Green buys at the clothing store because ne thinks he can get his gearing a little cheaper. In all brobability the pants that served him so treacherously had passed through a fever hospital, been striped from a cholera patient, carried home eight nights in the week on a shutter, and finally bleached and carried by an ingenious Frenchman for a market in the country. Take warning by poor Green's mishap, and go to a tailor shop like that in the basment of Searle's
