PROTEST FROM A CLERGYMAN A-ALNST POLITICAL PREACHING. The Church Journal of New York, one i the ablest and most popular Protestant papers in the country, handles in masterly style the subject of political preaching. He knew Herod to be a crafty "fox," and the murderer of. John the licptist; yet he took no part in influencing against Herod a single individual of all the multitudes that followed him in Galilee.

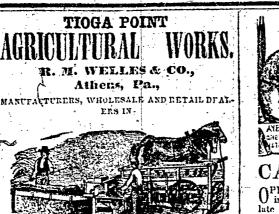

After reviewing the practice of the Apostles and the carly christians, it refers to the practical question of our day : "The primitive Church trod closely in their

footsteps of her Lord."

"The Church is indeed bound to proclaim unto all men the duty of exercising their political nights, as well as other privileges, under a sense of full responsibility to God. OATHAAATHO THIMAS OPERATE by their powerful influence on the internal viscera to purify the blood and stimu-late it into healthy action. They reuped the obstructions of the stomach, bowels, fiver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dan-gerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in up Anexican Almanae, which the Agents below named are pleased to furnish free to all inquiring. Annexed we give Directions for their use in the complaints which they have been found to cure.
