CATHARTIC PILLS PERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure.

For Costiveness.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause off PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

For Dyspersia, which is sometimes the cause of Costiveness, and always unconfortable, take mild

Fon Dyspersia, which is sometimes the cause of Costiesness, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the hearthurn, bodyburn, and soulburn of dyspensis will rapidly disappear. When it has gone, don't forget what cured you.

For a Poirt Brownach, or Morbid Inaction of the Bowels, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

spirits and had health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

FOR NERVOUSNESS, SICK HEADACHE, NAUSEA, Pain in the Stomach, Back, or Nide, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and sheir kindrod disorders because your stomach is foul.

FOR SCROTULA, ERYMPELAS, and all Diseases of the Nin, take the Fills freely and frequently, to keep the bowels open. The cruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores live been healed up by the purging and purilying effect of these Fills, and some discusting diseases which scemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

To Publiff the Blood, they are the best med cine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chast before the wind. By this property they do as swich good in preventing sickness as by the remarkable cures which they are making every where.

Liver Complaint, Jaundick, and all Bilious

the remarkable cures which they are making every where.

Liver Complaint, Jaunnics, and all Bilious Affections arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vittate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhen, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowniness; sometimes there is severe pain in the ride; the skin and the white of the eyes boosses a greenish yellow; the stemach acid; the bowels zore to the touch; the stemach acid; the bowels zore to the touch; the stemach acid; the bowels zore to the touch; the whole system intribble, with a tendency to force, which ensy turn to biless fewer, bilious code, bilious disauthers, dysentery, &c. A melium dose of three or few l'ills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 35 cents.

Riternarysse, Gerve, and all finfammatery Ferens are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the lowels gently, but freely.

As a Dinner Pill, this is both agreeable and useful. No Pill can be made more effectual to useful. No Pill can be made more pleasant to tak and certainly none has been made more effectual to the purpose for which a dinner pill is employed.
