CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purily the blood and stimulate it into healthy action. They remove the estructions of the stomach, bowels, liver, and other segmes of the body, and, by restoring their irregular section to health, correct, wherever they exist, such decomposits as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients; has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such enalised positions and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all laquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure.

For Corrivents. — Take one or two Pills, or such quantity as to gently move the bowels. Contiveness is frequently the aggresating cause of Prims, and the cure of one complaint is the cure of both. No person can feel well while under a contive hebit of body. Hence it should be, as it can be, promptly relieved.

For Dyrareria, which is consettmes the cause of Continents, and always uncomfortable, take mild decige—from one to four— to stimulate the stomach and liver into bealthy action. They will do it, and the Mesrebura, bodybura, and soulbura of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

For a Four Stomach, or Morbid Inaction of the Bosels, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller does afterwards, until activity and strength is restored to the system.

For Nervoushness, Sick Headaches, Nausea.

Pois in the Stomach, Back or Side, take from four to eight pills on going to bed. If they do not operate sufficiently, take mere the next day until they do. These complaints will be swent out from the system. Don't wear these and their hindred discretes because your atomach is fo CATHARTIC PILLS

LIVER COMPLAINT, JAUNDICE, and all Bilions

Liver Complaint, Jaumbres, and all Bilious Affactions arise from some derangement—either topidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it untit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptoms. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately contiveness and diarrhes, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inshility to aleep, and sometimes great drowniness is sometimes there is severe pain in the side; the skim and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhesa, dysentery, &c. A medium dose of three or four Pills faken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can sure them for 25 cents.

Resumatess, Gout, and all fafeammatory Fours afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a Diemeter Pills, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed. the purpose for which a dinner pill is employed

PHILADELPHIA, April 12, 1856. MESSES. EVARS & WATSON—I have to offer you my testimony in favor of the great security afforded to my entire stock of Jewelry, books, papers, &c., during the recent disastrous confiagration in Renstead place, from the fact that the same were contained in two of the Salamander Safes manufactured by you.

Having fallen from the fifth story of the Arti-

san Building, where they were previously placed and exposed to a vast best for a long time, the preservation of the valuable deposits seemed to every one who witnessed the opening and interior examination, a matter of profound autonish-

To all who may require a perfect protection from the ravages of fire, I shall not hesitate to recommend the use of your Safes, as I consider they have now undergone the most trying test.
