We presume there are a few men belong ing to the opposition in this county who really cherish "Free Soil mentiments," who abandoned the Democratic party because thay fancied they could do something to injure slavery, by going to the embrace of fusion. Such men we respect; they have a claim upon the confidence of their fellow citizens .-Any man who acts honestly in politics, tho perhaps erroneously, is entitled to regard, because he exercises a freeman's right of choosing for himself. To such men we have a few

words to say, before they approach the polls FREEMER! the men who aspire to lead you have infamously tried to cheat you out of the privilege of giving a fair expression to your opinions next Tuesday. They, without your knowledge or assent, have made a bargain with the Filmore party, to which you are hostile, by which bargain they agree that you shall vote for FILMORE ELECTORS. Now we appeal to you as men of intelligence, integrity and independence, to know whether you are willing to sanction that bargain .--Did you ever authorise David Wilmot Thadeus Stevens and William F. Johnston to make such an arrangement for you? Did you leave the Democratic party, designing to sus tain Fillmore with his old Whig heresies and Know Nothing dogmas! We know you did not. We believe that you acted honestly and as you thought in a way to promote the interests of your country. Now, the organization with which you connected yourselves, for a time professed to Tabor for "freedom" in the territories, and especially for "freedom? n Kansas. It nominated John C. Fremont for the Presidency. It "shrieked" for "freedom " for "free speech" and "free labor."-It made a great noise in the political world. and pompously christened itself the "reform party." You doubtless expected it would enable its "rank and file" to vote for some glorious and liberal idea. You thought its professions indicative of its faith and therefore you gave it your cordial adherence. Now look down into that sea of infamy and hypocricy in which its self constituted leaders have bu ried it. Look at the servile condition of Fre montism, and say whether you are willing to go with it into the depths of political duplici ts and rascality. You know very well that an effort has been made to transfer you to Fillmore. Shall that effort succeed! The satellites of Wilmot are busy in this locality; they are trying to silence the men having sufficient independence to murmur at the bargain and pronounce it infamous. With their characteristic impudence they assert that the bargain is "entirely fair;" they are foolish

The Republican of last week says that in case of the success of the Union electoral ticket," Fremont will get three fourths of the electors. This claim is held out since the fusion has been formed, in order to keep up the spirits of the Fremonters, in this county and prevent them from "bolting" in a body and going in for the pure Fremont electoral tick et which is in the field. On the other hand. the Fillmoreites claimed about the same humber before the bargain was made. Some of the more reckless of the fudonists assert that by the bargain with Fillmore, they sacrifice no principle, but you directfor Fremont: Now look at the arrangement part for him, and part for slavery, and H. Fremont; and the other the name of Millard Fillmore, the other twentysix names are alike, on each ticket: The Fremont man votes the ticket headed by Free mont, and the Fillmore man the licket headed by Fillmore, both the Fremont and Fillmore men voting the twenty-six names, common to both tickets. If chosen, the twentysix electors are divided, pro-rata, according to the vote cast for the tickets thus headed. Is it not plain that the Fremont man helps choose electors for Fillmore, and the Fillmore the Chairman of each Committee shall have inan helps elect electors for Fremont? The the exclusive right of selecting the speakers ticket goes partly for Fremont, and partly for his party, at such meetings, but that their for Fillmore. Strange that men having common sense will insult intelligent people by denying this.

At the October elections the opposition in this county did all that could be done to intimidate the democratic voter to-keep him from discharging his duty to his country. When a sterling democrat approached the polls in townships where the "shrickers"

> Gov, Geary and the Free State Men. Letter From Kansus.

We have been furnished by a friend with the following extract from a letter dated at Topeka, Oct. 1st, and written by Mr. M. O Brewster formerly of this county. After stating that he had removed from Bexington to Topeka, the writer, says:

"About the time I came to Topeka, (Aug. 28th) the free-State men commenced what they styled pressing. It was commenced in fact by the President of our Association at Lexington. While coming down here two mules were taken from their riders; against company as he could command remained in Topeka and followed this pressing : I call it stealing. There are now not less than thirty men convicted of robbery for it, and the not tell. Free State men will not make affidavit of the misdemeanurs of those of the opposite side, because they will not recognize the bogus laws. I think Gov. Genry will come as near doing what is right as he can ; his position is an unpleasant one. He is here as Governor, and the bogus laws are heretoo; recognized by the federal government, as odious to him in their odious features as to any one, vet they are the laws, and must be enforced. It is impossible for him to arrest tify of their guilt. I am rather disnosed to think the free State men are punishing themselves worst, but the idea of recognizing the bogus laws is the difficulty; rather than do The enemies of peace and order in Kansas

He expresses the opinion, which we have entertained to wit f that, Gove Cleary will act fairly, and so far as he is able, do justice to pursuance of instructions sent them by easto complain of offenders, how tan those agitators blume Genry for not arresting these offenders.
