CATHARTIC PILLS

OPERATE by their powerful, influence on the Dinkstinal viscira to parily the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, livry, and other organs of the body and, by restoring their irregular action to health, correct, wherever they exist, such demangements us are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substintiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure. For Coetivaness,—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of Phes, and the cure of one, complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

For Dyeperest, which is sometimes the cause of Costiveness, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach

can be, promptly relieved.

For. Dyeprepsia, which is sometimes the cause of Costiveness, and always uncomfortable, take mild dones—from one to four—to stimulate the stomesh and liver into healthy action. They will do it, and the hearthum, bodybum, and southurn of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

For a Four Stomach, or Morbid Inaction of the Bowels, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller dones afterwards, until activity and strength is restored to the system.

Four Nerwounced Stock Headache. Nausea, Pour in the Stomach, Bach, or Side, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

For Scroffla, Erstffelas, and all Diseases of the Skin, take the Fills freely and frequently, to keep the bowels open. The eruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pinuples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

of the unclean diseases of the skin, because your system wants cleansing.

To PURIFY THE BLOOD, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which sow the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where. LIVER COMPLAINT, JAUNDICE, and all Bilimis Affections arise from some derangement—either torpidity, congestion, or obstructions of the Liver.

Torpidity and congestion, or obstructions of the Liver. Torpidity and congestion, this is disastrons to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhea, presails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the wkin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to billous fever, billious colic, billous diarrhea, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wheeld to suifer such pains when you can cure them for 25 cents. Torpidity and congestion vitiate the bile and render the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents. Rect Matter, Gout, and all Infammatory Feers are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely. As a Dinner Pill, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner will in some and

Messas Evans & Watson:-Gents :-- It afords us the highest satisfaction to state to you hat owing to the very protective qualities of two the Salamander Safes which we purchased of you some few months since, we saved a large portion of our Jewelry, Books, Papers, &c., exposed to the estamitous fire in Ranstead Place, on the morning of the 11th inst.

When we reflect that these Safes were locaed in the fourth story of the building we occupied and that they fell subsequently into'n heap of burning ruins, where the vast concentration of heat caused the brass plates to melt, we cannot but regard the preservation of the valuable contents as most convincing proof of the great courity afforded by your Safes We shall take much pleasure in recommend-

With my knowledge of its great exposure, both to the intensity of the heat from so hot a fire as that which destroyed the Artisan Building, as also from the force of the fall from its former elevated position in the third story, I could entertain but slender hopes prior to its interior inspection, that the contents which I once so highly prized would ever be of any service to me, but as these fears are now harpily removed.
