CATHARTIC PILLS

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomagh, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure. For Costiveness.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggraxating cause of Pritzs, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

For Dystresta, which is sometimes the cause of Costiveness, and always uncomfortable, take mild doses—from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the hearthurn, bodyburn, and soulburn of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

For a Four Syomach, or Morbid Inaction of the Bouels, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

For Nervourness, Sick Hradache, Naubaa, Pain in the Stomach, Back, or Side, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do: Those complaints will be swept out from the system. Don't wear these and their kindred discorders because your atomach is foul.

LIVER COMPLAINT, JAUNDICE, and all Bilious Affections arise from some derangement—either torpidity, congestion, or obstructions of the Liver. torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhera, prevails. Feverish symptoms, languor, low spirits, weariness. reversish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; and the winter of the eyes become a greenish yearow; the stomach soid; the bowels sore to the touch; the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious which may turn to bilious fever, bilious colic, bilious diarrhoa, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RHEUMATIMA, GOUT, and all Infommatory Fevers are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principle of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels cently, but freciv. mild doses, to move the bowels cently, but freely.

As a DINNER PILL, this is both agreeable and
useful. No Pill can be made more pleasant to take,

and certainly none has been made more effectual to the purpose for which a dinner pill is employed. PREPARED BY DR. J. C. AVER & CO., Practical and Analytical Chemists LOWELL, MASS...
