The mob took Barger over near Marquoeta where they hung him about 9 o'clock on Friday morning. The mob was composed of the same men who lately hung Gifford in that county. They are thoroughly organized and are said to number from 400 to 500. Here is a case of violence hardly less gross than that of the burning of the negro murderers and ravishers in Louisville. PEAUL FISHERY IN NEW JERSEY .- In February last, Mr. David Hower, a carpenter, residing in the suburbs of Patterson, N. J., discovered a large pearl in a muscle which he had fished out of the Greek Notch brook, three miles South of Paterson. This pearl was infortunately not discovered until it was discolored and nearly ruined, by being boiled with the muscle. It is said, that had it been extracted in perfect order, it would have been worth \$25,000! Since Mr. Hower's discovery, others have discovered pearls in myscles taken from various brooks near Paterson, and the search for them has become general.

SPECIAL NOTICES.

Helloway's Pills .- Coughs, colds, influenza, and asthmatic affections are always more or less associated with irregularities of the secretions. The stomach, the bowels, and the liver, cannot be in a healthy condition while the lungs and the air passages leading to them are obstructed, and in all diseases of the respiratory organs the effect of the Pills is highly salutary. As an outward application for sore throat, group, asthma, and bronchitis, Holloway's Cintment is invaluable .--It soon relieves the irritation of the nucous membrane of the trachen and the brorchial tubes and removes that choking sensation so alarming in croup and asthma.
