Important Discovery. CONSUMPTION, and all diseases of the LUNGS and THROAT are positively curable by INHALATION, which conveys the remedies

To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is as much under the control of medical treatment as any other formidable dis- Premium received on Marine and case; 90 out of 100 enses can be cured in the 1st stages, and 50 pr.ct. in the 2nd: but in the 3rd Where they will be happy to see their old friends stage it is impossible to save more than 5 pr et., sand show them a nice stock of Goods of a superior quality at very low prices.

o fill the consumptive's graves. Truly the quiver of death has no arrow so fa-BONNETS, Bounet Ribbons and great enemy of life, for it spares neither age nor sex, but sweeps off alike the brave the beautiful, graceful and gifted. By the help of the Supreme Being from whom cometh every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy cure in Consumption.
The first cause of tubercles is from impure blood, and the immediate effect produced by their deposition in the lungs is to prevent the free admission of air into the air cells, which causes a weakned vitality thro' the entire system. Then surev it is more rational to expect greater good from medicines entering the cavities of the lungs than from those administered through the stomach; the patient will always find the lungs free and

the breathing easy, after inhaling the remedies. Thus, Inhalation is a local remedy, nevertheless it acts constitutionally, and with more power and certainty than remedies administered through the stomach. To prove the powerful and direct influence of this mode of administration, chloroform inhaled will entirely destroy sensibility in few minutes, paralyzing the entire nervous ays tem, so that a limb may be amputated without the slightest pain; inhaling the ordinary burning gas will destroy life in a few hours. The inhalation of ammonia will arouse the sys

tem when fainting or apparently dead. The od-or of many of the medicines is perceptible in the skin a few minutes after being inhaled, and may be immediately detected in the blood. A convining proof of the constitutional effects of inhala tion, is the fact that sickness is always produced cies issued by them. by breathing foul air-is not this positive evidence that proper remedies, carefully prepared and judiciously administered through the luags should produce the happiest result? During 18 years practice, many thousands suffering from diseases of the lungs and throut, have been under my care and I have effected many remarkable cures, even after the sufferers had been pronounced in the last stages, which fully satisfies me that Consumption is no longer a fatal disease. My treat ment of Consumption is original, and founded on long experience and a thorough investigation. My perfect acquaintance with the nature of tubereles, etc., enables me to distinguish, readily, the various forms of disease that simulate Consumption, and apply the proper remedies, rarely being mistaken even in a single case. This familiarity, in connection with certain Pathological and microscopic discoveries, enables me to relieve the lungs from the effects of contracted chests, to enlarge the chest, purify the blood, impart to it renewed vitality, giving energy and tone to the

entire system.

Medicines with full directions sent to any part of the United States and Canadas, by patients communicating their symytoms by letter. But the cure would be more certain if the patient should pay me a visit, which would give me an to prescribe with much greater certainty, and then the cure could be effected without my see. ing the patient again. The mdicines are pleasant without edor, causing no sickness, and free from mercury or balsam. During 20 years of practice I have rescued from the jaws of Death many thon sands, who in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted, who place themselves under my eases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula, Privers.

a rapid consumption. But should the discose and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions, and other af fections of the skin, Eyes, Throat and Lungs, en tailing upon them a brief existence of suffering

and consigning them to an early grave. SELF ABUSE is another formidable ene my to health, for nothing else in the dread cataogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous sys-tem, rapidly wastes away the energies of life, causes mental derangement, prevents the proper developement of the system, disqualifies for mar ringe, society, business, and all earthly happiness and leaves the sufferer wrecked in body and mind predisposed to consumption and a train of cvils more to be dreaded than death itself. With the fullest confidence Lassure the unfortunate vic tims of Self Abuse that a permanent and speedy Cure can be effected, and with the abandonment of ruinous practices my patients can be

restored to robust, vigorous health. The afflicted are cautioned against the use of Patent Medicines, for these are so many ingenious enarcs in the columns of the public prints to eatch and rob the unwary sufferers, that millons have their constitutions ruined by the vile compounds of quack doctors, or the equally poison ous nostroms vended as "Patent Medicines." have carefully analyzed many of the so called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing disease disables

FARMERS! \$15 will purchase one of the best CORN SHELLERS and SEPARATORS

Ever Invented. THE undersigned is now prepared to furnish L to FARMERS, Millers and others the world renowned Excelsior Corn Sheller-the wonder of the times-being the best, most durable, and easiest running Sheller now in use. Warranted to shell more corn inga shorter space of time, than any other machine, entirely cleaning the ear, from end to end, without crushing either

corp or cob. The Machines are constructed with two cranks, and pully for a belt, so that two persons can turn them, or attach a belt in motion by any power. The attention of persons owning mills, is solicited, as the Machines are wonder fully adapted to any kind of power. They are very easily turned, and when once in motion a small hov can turn them; they are canable of shelling one bushel per minute-every Farmer should have one-as they save their cost, in les than one seasons. They are on exhibition at Searle's Hotel,

Sayre's Foundry, Ely's Mill in Brooklyn, and at Lathrop's Lake Mills, where they can be seen in operation at any time. All orders addressed to the undersigned, will receive prompt attention. Machines shipped at a distance and warranted to operate. D. D. SEARLE. At Searle's Hotel. Montrose, December. 11th. 1856.

CERTIFICATE THIS is to certify, that I have examined and used one of the above Shellers, for sale by D D. SEARLE, and unlies itatingly pronounce it, one of the best, most durable and easiest running Shellers ever introduced into this county. I will stell more corn in a shorter time than an other Machine, and is always ready for service. I most heartily and freely recommend them to the Farmers of Susq'a County, as the cheapes! and best Sheller, now in use. Probably no one remedy has ever been known which cared so many-and such dangerous cases as this. Some no human aid can reach; but even to those the CREERY PECTORAL affords relief and comfort.

ASTOR HOURS, New YORK CITY, March 5, 1856
DOCTOR ATER, LOWELL: I feel it a duty and a pleasure to inform you what your CREERY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily falling, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bleas his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as abe used to be, but is free from her cough, and calls herself well. Aver's Cathartic Pills This sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win un precedentedly upon the exteem of all men. They are safe and pleasant to take, but powerful to cure. Their pene-trating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disor-dered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but they cure the every-day complaints of every body, but also formidable and dangerous diseases that have haffed the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the asfest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth.
