FARMERS! \$15 will purchase one of the best CORN SHELLERS and SEPARATORS Ever Invented.

THE undersigned is now prepared to furnish to FARMERS, Millers and others the world renowned Excelsior Corn Sheller-the wonder of the times-being the best, most durable, and easiest running Sheller now in use. Warranted to shell more corn in a shorter space of time, than any other machine, entirely cleaning the ear, from end to end, without crushing either

The Machines are constructed with two cranks, and pully for a belt, so that two persons can turn them, or attach a belt in motion by any power. The attention of persons owning mills, is solicited, as the Machines are wonderfully adapted to any kind of power. They are very easily turned, and when once in motion a small boy can turn them; they are capable of shelling one bushel per minute-every Farmer should have one-as they save their cost, in les than one seasons.

They are on exhibition at Searle's Hotel, Sayre's Foundry, Ely's Mill in Brooklyn, and at Lathrop's Lake Mills, where they can be seen in operation at any time. Ayer's Cathartic Pills.

THE priences of Chemistry and Medicine have been taxed their utmost to produce this lest, most perfect purgative which is known to man. Innumerable proof are shown that these Pints have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the estern of all men. They are safe and pleasant to take, but powerful to cure. Their pene-trating properties stimulate the vital activities of the body, remore the obstructions of its organic purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate singgish or disor-dered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they ture the every-day complaints of every body, but also formidable and dang-rous diseases that have buffled the best of human skill. While they produce powerful effects they are at the same time, in diminished doses, the safest and less physic that can be employed for children. Being sugar-cented, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not sub-stantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my

afflicted, suffering fellow-men
The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:certificates of their cures, of the following complaints:

They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness. Partial Blindness. Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys Goot, and other kindred complaints arising from a low stafe of the body or destruction of fits functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Atra's Pills, and take nothing else. No other they can give you compares with this in its intrinde value or curative you compares with this in its intrinsic value or curative powers.
