The Postmaster General states that the mail contract with the New York and Havre lines of steamers have been renewed. The Panama railroad Company receives an annual compensation of \$100,000 for mail transportation, the contract to continue till October 1850. The temporary contract with C. K. Garrison, for mail trainsportation between New Orleans and Vera Cruz, expires June 30, 1858. The contract on the Pacific side must be extended one year. ### Ovarietomy.

Last Thursday, 17th inst., Miss MARTHA JANE WRIGHT, of this village, submitted to this formidable operation and had an Ovarian Tumor extirpated; which measured twentythree inches in one direction and twenty-six in the other, and weighing nine pounds. The operation was preformed by Dr. G. Z. DIMOCK. assisted by Doctors SPENCER of Starkey, CHAPMAN of Weston, and SHAW of Warsaw Drs. Nonis of Dandee and DaWour of Bath

As soon as the patient was brought fully under the influence of Chloroform, Dr. Dissock commenced the operation by laying open the cavity of the abdomen by one long incision commencing just below the lower extremity of the breast bone and extending down the entire length of the abdomen. After breaking up several small adhesions he raised the tomor out of its bed and then severed it from its internal connections. It was attached to the right side by a broad pedicle livelying the overy and uterine appendages. The time occupied, was about twenty minutes. The patient was not conscious of the least pain and did not lose two ounces of blood.

If the operation proves successful, as it now promises to be, it will be a fortunate one for the patient, for, upon examining the tumor it was lending rapidly to a fatal termination, and must have caused her death in a short

.The case now presents a very favorable appearance, and gives the most flattering assurancer that the patient will rapidly recover. The fourige requisite on the part of the patient for such an operation will be better unever successful. Miss Warout knowing this, deserves great praise for her courage both be- nett, to the use of S. Hutchinson & Co., vs. John fore and since the operation.

The Honorary Members are respectfully in-

To Fathers and Mothers .-- You know how important it is for your children that you should keep good health, How frequent do we see feeble parents dressed in mourning on account of the death of their beloved children. What a pity it is, when, by proper care and remedies, all these trials and troubles can be avoided. When health can be restored to the parent and life and happiness to the child. Re-store the health of the mother and you obviate the necessity of Paregoric, Godfrey's Cordial and other injurious narcotics for crying children. We entreat you, as we desire to improve the cutdition of our race, to procure Dr. Morse's Almanag and read how diseases are cured in accordance with NATURE'S laws with innocent Roots and Plants.

Apart from its specific use of preventing conception, it is an infallible means of preventing conception, it is an infallible means of restoring to health and vigor the abused, deranged and enfeebled procreative functions of females, and of reinvigorating and restoring the general health to its wonted constitutional integrity. It consists of a Magnetic Bell, which encircles the body directly over the or illium, by the magnetic consists of a Magnetic Bell, which enterests to body directly over the or illium, by the magnetic action of which the febundating power is intercepted and held in abeyance, and the vital neuromagnetic currents, otherwise drained off by set ual excesses, are turned back thro, the system stimulating all the viscera to a healthy normal tone. In a true moral aspect, no valid objection can be urged against its lawful use, as it is decan be arged against its lawful use, as it is designed to subserve a great humanitary purpose in the reproductive economy. It is impossible, in a brief call to give the reader an adequate, conception of the virtues of the discovery and like modus of its action. Accordingly, the proprietors have prepared a pamphlet, fully embodying the philosophy of its influence upon the genitive function. tion, its uses, tests and results, which they will forward, upon the receipt of six cents in postage stamps, to any address. The price of the Bett is \$5., sent by mail free.
