Hie property of Madame Auderly, a Virginian with a solemnity, that seemed to overshadow

lady of the old school. every other feeling. . The western and most valuable estate was the inheritance of Honora Paule, an orphan heiress, grand daughter and ward of Madame Auderly.

The northern and smallest one, called, from being the deepest vale of the four-Hawe's Hole-was the property of Hugh Hawe. a ence in the neighborhood, and the old lady widower of gloomy temper, parsimonious habits, and almost fabulous wealth.

The southern farm-named, from the extravagant cost of the elogant mansion-house, elaborate out buildings, and highly ornamentad grounds, which had absorbed the means of for several days, with Madame Auderly; and the late owner, "Farquiers, Folls" --- was the the old lady, in his honor, at once cent off heavily mortgaged patrimony of Godfrey Farquier Dulanie, the grandson of Hugh Hawe. to visit her that evening. and now a young aspirant for legal honors at the University of Virginia.

But little benefit to the heir was to be hopthem ed from the inheritance of his father's burthened property. In the first place, old Hugh Hawe had bought up in his own name all the claims against the estate of Farquier's Follydoubtless to prevent a foreclosure, and to save the property for his grandson.

But, unhappily, Godfrey had mortally offended the de-potic old man by declining an agricultural life, and persisting in the study of a profession-a course that had resulted in his own disinheritance. a.

To make this punishment more bitter to his grandson, the old man had taken into favor his nephew. Dr. Henry Hawe, whom he had established near himself at Farquier's Fol-

At this time, the disinherited heir, having finished a term at the University, had come down to spend a part of his vacation in his native place."

It was upon the Saturday evening of his arrival that he found the little hotel, and, indeed, the whole village of Altamont, in a great state of excitement, from the fact that the celebrated heiress, Miss Honora Paule had just stopped there, and passed through on her way home.

Those who had been so happy as to catch a glimpse of her face, vied with each other in praise of her many charms, while those who had not, listened with eagerness; and looked forward to indemnifying themselves by seeing her at church the next morning.

The next day, Godfrey Dulanie attended church where he saw and fell in love with the Heine and Sterne were "dispatched to bring ost beautiful and intellectual looking girl forward a round table. Miss Rose went to a

Notwithstanding I had the best of physicians, the disease grew worse and worse, until, by the advice of your excel-lent agent in Battimore. Dr. Mackensie, I tried your Fils. Their effects were slow, but gure. By persevering in the use of them I am now entirely well. Seyarz Channer, laron Roccz. La. 5 Dec., 1865. This inhalation of ammonia will arouse the sys-em when fainting or apparently dead. The odor of many of the medicines is perceptible in the skin a few minutes after being inhaled, and may to immediately detected in the blood. Aconvinting proof of the constitutional effects of inhala tion, is the fact that sickness is always produced by breathing for air-is not this positive evidence SENATE CHARGE MATCH WELL SENATE CHARGE, MATCH NOUSE, LA, 5 Dec., 1865. DE. ATER : I have been entirely cured by your Pills of Rheumatic Gout - s painful discose that had sollicted me for year. VINCENT SLIDELL. that proper remedies, carefully prepared and judiciously administered through the lungs should produce the happiest result? During 18 years For 'Dropsy, Plethorn, or Lindred Com-plaints, requiring an active purge, they are an excelpractice, many thousands suffering from diseases of the lungs and throat, have been under my care For Costiveness or Constipution, and as Binner Pill, they are agreenble and effectual. Fits, Suppression, Paralysis, Inflamma-tion, and even Deafness, and Partial Blind-mess, have been cured by the alterative action of these Pills. and I have effected many remarkable cures, even after the sufferers had been pronounced in the last stages, which fully satisfies me that Con-sumption is no longer a fatal disease. My treat ment of Consumption is original, and founded Plin. Most of the pills in market contain Murcury, which, al-though a valuable remedy in skilfoi hands, is dangerous in a public pill, from the dreadful consequences that fre-quently follow its increations use. These contain no mer-cury or mineral substance whatever. in long experience and a thorough investigation. My perfect acquaintance with the nature of tubercles, atc., enables me to distinguish, readily. the various forms of disease that simulate Consumption, and apply the proper remedies, rarely

being mistaken even in a single case. This familiarity, in connection with certain Pathological and microscopic discoveries, enables me to relieve the lungs from the effects of contracted chests, to enlarge the chest, purify the blood, impart to It renowed vitality, giving energy and tone to the

CIPIENT CONSUMPTION, and for the relief of consumptive pathents in advanced stages of the discase. We need not speak to the public of its virtues. Throughout every town, and shnost every hamlet of the American States, its would rful cirres of pulmonary com-plaints have made it already known. Nay, few are the families in any civilized country on illds continent with hout some personal experience of its effects; and fewer yet the communities fly where which have not sunong them some living trophy of favictory over the sultle and dan-grouns discovers of the thront and lungs. While it is the most powerful antilicito yet knewn to man for the formi-dable and damground discovers of the pulmonary organs, it is also the pleasantest and and/a remody that can be em-ployed for infants and young persons. Parvats should have it in store against the unification grounds to believe the Giffing Forders in ordinate grounds to believe the giffing the strend and remy that treals upon them nuprepared. We have abundant grounds to believe the Giffing Forders and the strends the con-sumptions it projents than those it cures. Keep it by entire system. Medicines with full directions sent to any part of the United States and Canadas, by patients communicating their symytoms by letter. But he cure would be more certain if the patient should pay me a visit, which would give me an portunity to examine the lungs and enable me to prescribe with much greater certainty, and then the cure could be effected without my see, ing the patient again. G. W. GRAHAM, M. D. Office, 1121 Filbert Street, (old No. 109,) v14n26y.) below Twelfth, Philadelphia, I'a.

Of all disease a the great, first cause,

TRACY HAYDEN,

he had ever beheld. From the cheapness and simplicity of her attire, he supposed her to be some poor dependent of Madame Auderly's. in whose pew she sat. Godfrey was completely captivated, and he resolved at once to woo, and if possible, win this lovely being for his wife, poor girl though she was. He was glad she was poor, because she could for that reason be more easily won. But on accompanying Mr. Willoughby, the clergyman, and his brother in law, Ernest Heine, home after church, what was his astonishment and dismay at being introduced to the supposed. " poor girl," whom he found to be no other than the celebrated Miss Honora Paule, the greatest heiress and belle, as well as the best and noblest girl, in the State of Virginia .--She greeted him cordially, and in a few minuter the company were busly engaged in conversation. The topic of " capital punishment" having been started, Godfrey turned

to Honora, and said : "I take an especial personal interest in

having capital punishment, abolished -- Miss Paule, do you believe in astrology ?" Honora started, fixed her eyes intently up-

on the questioner, and then withdrawing them answered-

"Sir, why did you ask me if I believe in astrology?" " Because, Miss Paule, I was about to re-

late for your anusement a prediction that a reply that nearly extinguished Miss Jessie was made concerning myself, by a professor for the evening.

of that black art." A prediction," exclaimed Mrs. Willoughby, drawing near, with eager interest. Yes, madam," replied Mr. Dulanie, smiling, " a prediction which, if I believed, would

certainly dispose me to favor the abolishment Hawe ! I declare, you shall have your fortune be forwarded to his or her address by mail or exof the death penalty. Three years since, while told !" I was sojourning for a short time in the city of Richmond, on my way to the University, I chanced to hear of the Egyptian Dervis old man, gallantly, as he extended his hand Achbad, who was, at the time creating quite and drew a card, which he passed to the

"Well ?" questioned Horona, earnestly. "My horoscope was a nounor-scope instormy life, and a sharp and sudden death." " Good Heaven ! But-the details !" " It prophesied four remarkable events, the

first of which has already come to pass," "And that was-?" "The loss of my patrimonial estate !"

"Singular coincidence!" interrupted Mr. Willoughby, as he arose and joined his wife and brother in law at the other and of the

room. "I thought so when the prophecy-was fulfilled," replied Godfrey.

"And the other three events !" softly inquired Honora.

The other three events, if they follow as years, or before I reach my twenty fifth anni-

pected inheritance of vast wealth." Upon hearing this, a bright smile plaved

around the lips of Honora; and baniabed the And thou !-- there's a weight on thine !-- away Back to thy hume and " pray !" clouds from her brow. She waited a few minutes for him to proceed, but finding that Jie continued silent, she said-

"Well, Mr. Dulanie, go on! what was the third predicted event?" "Do you command me to inform you !"

"No, sir; I beg you, of your courtesy, to do 50.

"Very well," he said, dropping his voice to

The Magnetic Belt. THE undersigned, after many years of caroful research and experiment, have discovered and perfected a safe, convenient and un xceptionable means of completely controling the maternal function, without employing any of the natural | ly on hand, for sale by and deleterious expedients so often re-orted to for that purpose. Apart from its specific use of presenting conception, it is an infallble means of restoring to health and vigor the abused, deranged and enfeebled procreative functions of females, and of reinvigorating and restoring the general health to its wonted constitutional integrity. It consists of a Magnetic Belt, which encircles the body directly over the os illium, by the magnetic act on of which the fecundating power is inter-cepted and held in abeyance, and the vital neuro-magnetic currents, otherwise drained off by sex-

usi excesses, are turned back thro' the system stimulating all the viscera to'a healthy normal Smiling his graceful bat most sinister smile tone. In a true moral aspect, no valid objection can be urged against its lawful use, as it is de-signed to subserve great humanitary purpose in the reproductive economy. It is impossible in a brief card to give the reader an adequate con-ception of the virtues of the discovery and the C. W. MOTT.
