THE undersigned, after many years of careful research and experiment, have discovered and perfected a safe, convenient and unexceptionable means of completely controling the maternal function, without employing any of the unnatural and deleterious expedients so often resorted to for that purpose. Apart from its specific use of preventing conception, it is an infalible means of ual excesses, are turned back thro', the system, stimulating all the viscera to a healthy normal tone. In a true moral aspect, no valid objection can be orged against its lawful use, as it is designed to subserve a great humanitary purpose in the reproductive economy. It is impossible in a brief card to give the reader an adequate conception of the virtues of the discovery and the modus of its action. Accordingly, the proprietors have prepared a pamphlet, fully embodying the philosophy of its influence upon the genitive func-

From a Howarding Merchant of S. Louis, Fib. 4, 1856.
Dr. Aver: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcorous sore upon her hands and feet that had proved incurable for years. Her mother has been long grievous by afflicted with blotches and pimples on her skin and in her hair. After our child was cured she also tried your Fills, and they have cured her. ASA MORGRIDGE.

Rheumatisms, Neuralgins, and Goutte
From the Rev. Dr. Hawker, of the Methodist Epis. Church.

PULSET HOURE, SAVANNAH, GA., Jah. 5, 1858.

HONGRED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my skee to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatisms.

Notwithstanding I had the best of physicians, the disease, grew worse and worse, until. by the advice of your excelent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their offices were slow, but sure. By persevering in the use of them I am now entirely well.

SEXELY CHANGE BROWN LA. 5 Dec. 1856.

SENATE CHAMEER, BATOR ROUUR, La., 6 Dec., 1856.

DR. ATER: I have been entirely cured by your Pills of theumatic Gout — a painful disease that had afficted me or years.

VINCENT SLIDELL. For Dropsy, Plethorn, or kindred Com-plaints, requiring an active purge, they are an excel-lent remedy.

For Costiveness or Constitution, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Hindness, have been cured by the alterative action of these Pills. Most of the pills in market contain Mercury, which, at-though a valuable remody in skillul hands, is dangerous in a public pill, from the dreadful consequences that fre-quently follow its incautions use. These contain no mer-cury or mineral substance whatever.

AYER'S CHERRY PECTORAL FOR THE RAPID CURE OF COUGHS, COLDS, HOARSENESS, INFLU-ENZA, ERONCHITIS, WHOOPING

COUGH, CROUP, ASTHEA, IN-CIPIENT CONSUMPTION, CIPIENT CONSUMPTION, and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every handet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families-in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dame grouge diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the farmidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Farents should have it in store against the insidious enemy that steads have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherar Petrorat saves more lives by the consumptions it prevents than those it curea. Even it by you, and cure your colds white they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vistals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toll to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

JOY TO THE AFFLICTED!!! t cures nervous and debilitated sufferers, and emoves all the symptoms, among which will be found indisposition to exertion, loss of power, loss of memory, difficulty of breathing, general weakness, horror of disease, seak nerves, trembling, dreadful horror of death, night sweats, cold feet, wakes fulness, dimness of vision, languor, universal lassitude of the muscular system, often enormous

appelite, with dyspeptic symptons, hot hands, flushing of the body, dryness of the skip, pallid countenance and eruptions on the face, pain in the back, heaviness of the eyelids, frequently, black spots flying before the eyes, with a temporary suffusion and loss of sight; want of stention, suffusion and loss of sight; want or attention, great mobility, restlessness, with hower of activity. Nothing is more desirable to such patients than solitude, and nothing they more dread for fear of themselves; no repose of manner, no earnestness, no speculation, but a hurried transition from one question to another.

These symptoms, if allowed to go on-which this medicine invariably removes—soon follows loss of power, fatuity and epileptic fits—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those direful diseases—insanity and consumption! The records of the insane asylums, and the melancholy deaths by consumption bear ample witness to the truth of these assertions. In lunatic asylums the most melancholy exhibition ppears. The countenance is actually sodien & quite destitute—neither mirth or grief ever vis-its it. Should a sound of the voice occur, it is

"With woeful measures wan despair Low sullen sounds his grief beguiled."
Debility is the most terrible! and has brought iousands to untimely graves, thus blasting the ambition of many noble youths. It can be cured

by the use of this' INFALLIBLE REMEDY. If you are suffering with any of the above dis-ressing ailments, the Fluid Extract Buchn will cure you. Try it and be convenced of its efficacy. B Beware of quack nostrums and quack doc-tors, who falsely hoast of abilities and references. Citizens know and avoid them, and save long suffering, money, and exposure, by sending or calling for a bottle of this popular and specific remedy. It allays all pain and inflemmation, is perfectly pleasant in its taste and odor, but immediate in its action.
