ANOTHER ATTEMPT TO ASSASSIVATE LOUIS NAPOLEON. A Paris correspondent of the Boston Post writes: "The peace which was promised by the detection and capture of Orsini is not nigh. On Monday last, another shot, I am told, was fired at the Emperor justas he was leaving the little garden at the right of the gateway of the Tuileries, to cross over to the parterre on the other side. The shot came from a sub-officer of one of the regments of the line. But few persons were present, and he stood isolated from the little hat of flancurs who assembled against the rating, to see the Emperor pass by. No event of the kind is, of course, ever registered in the journals-not even to state that the that has missed, as usual, nor to mention out "the star" and the "mission" under high, and for which, Louis Napoleon pronounced himself invulnerable. The rumor runs, that the culprit was shot on the instant; and another report declares that the character be assumed was a fictitious one, and that he turned out, on examination, to belong to the Italian section of conspirators, although himself a Frenchman. The story is believed throughout Paris, in spite of the secrecy with which it has been hushed up, and has not Ann Roker pt tended to increase the security of the public mind, as you may well imagine.

Holmbold's Genuine Preparation: --OF-Highly Concentrated Compound Pluid Extract

Buchu. For Diseases of the Bladder, Kidneys, Gravel

Dropsy, Weaknesses, Obstructions, Socret
Diseases, Female Complaints, and all
Diseases of the Saual Organs,
arising from excesses and imprudences in life, and removing all improper discharges from the blad-der, kidneys, or sexual organs, whether existing in MALE OR FEMALE, from whatever cause they may have originated, and no matter of how long standing, giving health and vigor to the frame, and bloom to the pallid check. JOY TO THE AFFLICTED!!!

t cures nervous and debilifated sufferers, and removes all the symptoms, among which will be found indisposition to exertion, loss of power, loss of memory; difficulty of breathing, general weakness, horror of disease, weak nerves, trembling, dreadful horror of death, night sweats, cold feet, wakefulness, dimness of vision, languor, universal lassitude of the muscular system, often enormous

appetite, with dyspeptic symptoms, hot hands, flushing of the body, dryness of the skin, pallid countenance and eruptions on the face, pain in the back, heaviness of the eyelids, frequently black spots flying before the eyes, with a temporary autusion and loss of sight; want of attention, great mobility, restlessness, with hower of so-iety. Nothing is more desirable to such patients than solitude, and nothing they more dread for foar of themselves; no repose of manner, no earnestness, no speculation, but a hurried

transition from one question to another. These symptoms, if allowed to go on-which this medicine invariably removes—soon follows loss of power, fatuity and epileptic fits—in one of which the patient may expire. Who can say that these excesses are not frequently followed by those direful diseases—insanity and consump-tion? The records of the insane asylums, and the melancholy deaths by consumption bear ample witness to the truth of these assertions. In lunatic asylums the most melancholy exhibition appears. The countenance is actually sodden & quite destitute-neither mirth or grief ever visits it. Should a sound of the voice occur, it is

rarely articulate:
"With woeful measures wan despair Low sullen sounds his grief beguiled."

Debility is the most terrible! and has brought housands to untimely graves, thus blasting the mbition of many noble youths. It can be cured by the use of this

INFALLIBLE REMEDY. If you are suffering with any of the above dis-tressing ailments, the Fluid Extract Buchu will cure you. Try it and be convinced of its efficacy.
