THE GREAT STEAMER LEVIATERY. - From an article in the London rimes we tearn the progress that is making in fitting the Levia than for sear. The cost of completing her fittings is estimated at \$500,000, and the fittings is estimated at \$500,000, and the column headed "Helmbold's genuino Preparation." time four months or to the end of July. No less than ten anchors are now required to hold the mouster vessel at her present moor ings-five at the stem and five at the stern, and each with lengths of cable attached varying from 40 to 160 fathoms. There are to be six masts in all, three square rigged and three rigged with fore and aft sails. All these masts will be composed of plates of the franklin, April 29th, LUCINA A.4 daughter of the franklin and Susan Ann Watson, aged together in the same manner as the sides of the ship, or a steam-boiler of the strongest description. They will vary in height from 130 to 170 feet from the keel to the truck; each will be three feet four inches diameter at the deck, and each will weigh from 30 to 40 tons exclusive of yards or rigging. Each must rest in a square column of plate-iron. which reaches direct from the keel to the upper deck; and is riveted and built into all of the successive decks through which it I variety of Ladies Diess Goods in Prints, passes. In case of its ever becoming necessa- Ginghams, Lawns, Robes, Challies, Bateges, v to cut away the masts, as the base of them all at about three feet above the deck, will be fixed a peculiar apparatus, which, working by means of a powerful screw, is made to compress two sides of the must together in such a manner as to completely crush them in, and let the masts fall over the sides im mediately. All the main and topmost vaidof the square-rigged masts will be also of iron plates. The main yard will be 130 feet long, or about 40 feet longer than the main vard of the largest line of-battle ships, about four times the strength of any main vard vet constructed, and several tons lighter than if it was made of wood, as is usually the case.

THE LAND GRANT. - One of the ground upon which the Republicans affect to justify their opposition to the Kansas Bill, which has stready become a law by the signature of the President, is the grant of lands which it makes to the new State, prividing the people elect to come into the Union. The best answer in the world to this direction, is the fact that the Crittenden Montgomery Bill, for which the entire Republican party in both Houses of Congress voted, contained precisely the same grant of lands which the bill contains as passed by the democratic majority. and approved by the administration; and the additional fact that similar grants, both as to amount and the objects for which they were conveyed, have been repeatedly made to new States on the occasion of their admission.

Use of a Bankrapt Law.

Should the present Congress pass a Bank rupt Law, it is suggested that the Black Republican party should be the first to go into liquidation under its provisions, their entire capital, which had been foolishly invested in "likeding Kanaa" having been rendered worthless by the passage of the Compromise Bill. As the usual Kansas collections will no longer be needed to purchase "Sharps Rifles," they can hereafter be appropriated to the payment of costs of judicial proceedings under the aforesaid act.

WASHINGTON, May 10. - At noon, to-day, the Secretary of the Treasury opered the sealed proposals for the issue of any portion or the whole of the \$5,000,000 of Transury notes in exchange for gold coin of t e United

The bids amount to over \$15,000,000, which \$4,500,000 are under five per centum

Summer's Ponn summer's Penn. April 28th, 1858. NEW MILITIA LAW. The following are extracts from the late act

the Militia of this Commonwealth: Sec. 1. All able bodied white male citizens between the age of eighteen and forty-five years. and residing in this State, and not exempted by load,-Yankee Notions, Jewelry and Watches- the laws of the United States shall be subject to military duty, excepting
First.—All persons in the army and navy of he United States service. Second-All ministers and preachers of the

sed by the Legislature, for the regulation of

gosp I, and professors of colleges.
Third—Persons who have been regularly dis therged from the army and navy of the United States. Fourth-Commissioned officers, who have erved as such in the Militia of this or any one if the United States five years, Provided his esignation after such term of service be duly

crepted, or he be otherwise honorably dis-Fifth-Every non commissioned officer, musian and private of every uniformed company, who has or shall uniform himself, according to inw, and serve in such company five years from the time of enrollment, shall be exempt from military duty except in case of war, insurrection

Sixth—If any member of such company who s regularly uniformed and equipped shall upon removal out of the beat of such company, or up on the establishment thereof, enlist into any other uniformed company and uniform and equip. imself, therefor, whenever his term of service n said company shall together amount to seven years, he shall be exempt from military duty in like manner us if he had served the whole

ime in one company. ORGANIZATION. Sec. 4. Whenever any number of persons not ess than thirty-two, rank and file, shall voluneer to form a uniformed company, they shall present their roll to the Brigade Inspector, who hall thereupon organize the same, every office: and private of such company shall be a citizen of the United States.

Sec. 5. Officers ! Every cavalry company shall have one captain, one first and one second figuren int and one coronet. Artillery companies: One captain, two first and one second heutenant. Infantry and Rifles companies: One captain, one first and one second lieutenant. Sec. 6 Every company, which shall not, at its hispection, have thirty-two men armed and uniformied, the inspector shall require proof that there are members belonging to such company. properly uniformed, sufficient to complete the whole number of thirty two.
Sec. 8 Every officer of the line and staff, and

every officer or private of every uniformed company, hereafter organized, shall uniform himself hear as possible to the regulations of the United States. It will be seen by the fourth section of this article, that a company may be enrolled and organized without an uniform, provided it be ob-

tained previous to inspection; so all that is necesunder this act is to have thirty two members COMMUTATIONS

rank and file. Art. 2d. The sum of one dollar, in rural districts, and one doltar and fifty cents if in cities, against every person who is liable to do military duty, shall be collected at the same time and it the same ir unner that taxes are collected; except when the person so assessed, is between the ages of eighteen and twenty-one, in which case the Collector shall collect the said fine or tax of the father, master or guardian, or out of

any property such minor may have. FURNISHING ARMS. The Adjutant General shall furnish, on the order of the commander-in-chiefs or the requisition of the brigade inspector, all necessary arms and equipments for all the officers of the State, and to the companies belonging to each brigade required for comp or field duty, the same to be furnished at the expense of the State.

COMPENSATION OF SOLDIERS. There shall be paid for service rendered in pursuance of this act, to all officers, musicians

lar per day.

La Great Discovery of the Age.

IMPORTANT TO NOTICE is hereby given, that, agreeably to TOBACCO CHEWERS. R. GUSTAV LINNARD'S Taste Restor-ative Troches,—The Great Substitute for Tobacco. It is a well known and incontrovertible fact that the use of tobacco is the promoting cause of many of the most severe MENTAL AND PHYSICAL DISORDERS to which the race of man is subject, as careful analysis and long and painful: experience have

clearly proven that it contains certain narcotic &

poisonous properties most dangerous in their of-

ects, which by entering the blood derange the

functions and operations of the heart, causing many to suppose that organ to be diseased. TOBACCO affects also the entire nervous system, manifesting itself—as all who have ever used the weed will testify—in lassitude, nervous irratibility, water brash, dispepsia, and many other disorders of a similar character. The TASTE RESTORATIVE TROCHES are designed to counteract these baneful influences, and have proved completely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the entire system, restoring the taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the throat —which are always consequent upon abstaining from the use of tobacco, and by giving a healthy tone to the stomach, invigorate the whole system. Persons who are irretrievably undermining their constitutions and shortening their lives, should use these troches immediately and throw off the injurious & unpleasant habit of chewing tobacco.
These troches or lozenges are pat up in a convenient and portable form at the low price of 50 cents per box. A liberal discount to the trade.
Prepared solely by the undersigned to whom. ill orders should be addressed.

JAS. E. BOWERS, Druggist, Cor. 2d and Race sts, Philada. Teachers' Examinations. J will meet applicants for certificates in the

different localities in the county as follows: May 14, Bridgewater, Montrose Free S. H. 9 15, Jessup, Cornell " 17. Rush, Granger's S. H. 9 " " 18. Auburn Centre S. H. 9 . " " 20, Dimock Corners # 21, Brooklyn Centre 22, Lathrop, G. N. Smith's
