HATTER'S BANK OF BETHEI. RORBED-EIGHTY-MX. THOUSAND DULLARS. STOLEN. Between Saturday night and Sunday morning last, the Hatter's Bank of Bethel was robbed of \$86,000 in specie and bills of that and other banks. The robbers are adepts at their business, as will be seen by the manner in which they proceeded to accomplish their task. They entered the main door of the bank in the night, by means of a skeleton key, and proceeded to the director's room in the rear, took up the carpet on one side of the room, and then sawed out a trap door under the large centre table, through which they entered to the vault below. Here they worked evidently for a week, at nights, until they succeeded in undermining the vault and taking therefrom \$86,000. After they had finished their night's work, they came up through the trap door, replaced it, put down the carpet again and tacked it down, and left the bank apparently precisely as they found it. For fear the table might be moved and the trap door get displaced by being stepped on, they inserted screws in the boards to keep them from moving. Thus they proceeded each night until they seemed their that ye may pay; trust us that we are in plunder and decamped, unsuspected, even On Monday morning the officers of the bank went to the vault to unlock it. and found that the belt to the inner door would not move, and supposing that the lock was out of repair, they over. AT THEIR OLD TRICKS.—The opposition press are circulating a forged electioneering etter, signed by President Buchanan, and making it the excuse for abusing him most roundly. The letter purports to be written o effect the re-nomination of English of Indiana, the author of the English Kansas bill. Those who print the letter and comment upon it, know it to be a forgery, but their desire to misrepresent and belie the President, is too strong to be limited to the truth. They are bound to abuse him, and any excuse, however base and contemptible it is known to be, is to them better than no excuse at a'l. They are not unmindful of their old tricks .- Honesdale Herald.
