Holloway's Pills-Hespital practice—It is supposed, by the unnitiated, that hospital patients have the advantage of skilful treatment and careful attendance. The truth is, they are too often merely the subjects upon which raw students try their "prentice hands."

The best hospitals for the sick are their own homes, and the only medicines they need are Holloway's disease subduing remedies. Let the weakened, broken-down, attenuated, and hopeless sufferers from liver complaint, dyspepsia, asthma hemorrhoids, or any of the internal maladies which baffle the profession, supply themselves with Holloway's Pills, and they can speedily work out their own cure, and smile as they remember the dolelul predictions of the doctors.
