We direct attention to the advertise ment of G. G. Evans, 439 Chestnat street. Philadelphia. Judging from our business relations with him, and a personal visit to his establishment while in Philadelphia recently, we can safely say to those wanting to buy books, that they cannot do better than to send their orders to him. He sells books as low as can be bought elsewhere in addition to which you get a gift extra. He will send his catalogue of books and prices, free, to say one who sends him their name and address. The Democracy was badly whipped in 1840, by Harrison, vet elected Polk in 1844. Taylor distanced the Democracy in 1848, yet Pierce was easily elected in 1852. In 1854 the Democrate were whipped into the ground, yet won a triumphant victory in the election of Buchanan by a majority of over half a million—the largest majority ever given to any candidate,-in 1856. In 1858 we have been out-run in a slow race, but in 1860, no possible combination can defeat our candidate for President. Mark that!

Hon. John B. Haskin has sought for and obtained the Black Republican and Know Nothing nomination in the 9th Congressional district in New York. This insures his election by that party. When elected by the Democrats two years ago there was a majority of several thousand against him, which was divided between two candidates. He supports the nigger ticket entire.

The Negroes of New York State held a meeting to ratify the Black Republican nominations. They repudiate Abolition Gerrit Smith, expecting that the party with which they decide to act will advocate their full political equality. Eleven thousand of them are allowed to vote in that State-a blackening disgrace to a community of white men.

Vice President Breckinnidge writes to Hon. John Moore, Chairman of the Illinois Democratic State Committee, in reply to an invitation to visit Illinois and address the people the Committee having been informed that he desired to do so. This, he states, is incorrect; but he will not decline to answer their courteous letter.

He says he cannot endorse the course of Senator Douglas during the last session of Congress upon the Kansas question, but that question having been settled, and Douglas being the leader of the Democracy in Illinois in their present fight against Black Republicanism, he sympathizes with him, desires his succes, and trusts that the Democracy of the State, which has never given a sectional vote, will not now be found laggard in their duty to the Constitution and Union.

The Jackson Fair.

The Annual Fair of the Jackson Agricultural dance gave evidence that the people in all parts of the County wished to see how the lown Fair looked.

The members of entries of different kinds he farmers in adjoining towns as well as hose of Jackson felt an interest in its success. This is the second August Pair of the Society, and yet, the people, as was remarked by Mr. Bushnell, were counted not by hundreds but by thousands. The utmost good feeling prevailed and no serious accident occarred to mar the harmony of the day. The Best Carpets Mrs. George Birdsall society expected to secure the services of a speaker from abroad, but, failing, the audience were entertained with speeches from the Rev. W. W. Welch and Albert Rushnel, Esq.

The Choir of Jackson also contributed very materially to the entertainment by delightful music-both vocal and instumental. All, we think, felt that the formation of town societies and the holding of town fairs is one step in the right direction—that they will stimulate to improvement and consequently
