we have been engaged in the Fur business, and the general character of our Furs, both for quality and price is so generally known throughout the Country, that we think it is not necessary for us to say anything more than that we have now opened our assortment of FURS, for the Fall& Winter Sales, of the largest and most beautiful assortment that we have ever effered before to the public. Our Furs have all been Imported during the present season, when money was scarce and Furs much lower than at the present time, and have been manufactured be the mostcompetent workmen: we are therefore determined to sell them at such prices as will continue wholes le and retail; at prices that would asto give us the reputation we have borne for years, that is to sell a good article for a very small profit.
