From the New York News.

The Acquisition of Caba. It has been denied that the people of the country are in favor of the acquisition of on Thursday last, in-consequence of the arrest of Wm. L. sch, Wm. Smalley, David Walden, Univa; that "the East detests it, the West of Albanday Lie health and Albanday Lie health." Country are in lawer of the acquisation of Outer, that "the East detests it, the West abbors it, the North is opposed to it, and the South is indifferent." We take decided issue on this point, and so far as we can judge there over was a measure more heartly approved of by the country. From the time of Mr. Jefferson down, aimest every statement of eminence has added his authority to the destrableness if not the necessity of the acquisition, and so deieded and divisor has been the course of public opinion that it has not the majstrate's effice, so great was the throng been made a test of or including the state of the collection of her the testissues of party politics. It is true that there is a footing in or near the ellico to hear the testissan opposition, but it can hardly be considered of a partissan character, and there are

taking prompt and carnest steps in this di-terest of our town and the welfare of our citiz-tection; and if the facts and figures adduced ens, has endeared him to all; and since this afin it can only reach the county, the opposi-tion of the North, the detestation of the East, tion of the North, the detestation of the East, the abhoreuce of the West that we hear so much about will be transformed into their ed parties was admirably managed by E. B. opposites. The test imony of Mr. Lefferson is Chase, Esq., and O. F. Gaines, who, we under-direct, and Mr. Buchanan is but carrying out stand, have had the matter in hand for some the tiews of that illustrious patriot, who time, so that no one of them might get an inkwrote the President Monroe as follows: "I ing of what was going on, and make an escape and idly confess that I have ever looked on Cuba as the most interesting addition which could ever be made to our system of States."

Oscar F. Gaines sucorn.—On the evening of States. could ever be made to our system of States, the 20th of October last, I was coming up from the control which, with Florida Point, this Mr. Lacoe's office, came up on the west side of island would give us over the Gulf of Mexico the street, until I got opposite the Company's and the countries and isthmus berdering on office, then crossed over and went into the office, it would fill up the measure of our political Everet and Marcy, representing both the Demouracy and the Whig party, have in official papers taken the same ground as to the desirable character of this acquisition, representing almost every Administration from that of Mr. Mouroe down to President Buchanan's. Why then should the latter be attacked by every weapon of political warfare or personal lossility because he has advocated to personal lossility because he has advocated to which I think was occasioned by some personal lossility because he has advocated to which I think was occasioned by some personal lossility because he has advocated to which I think was occasioned by some personal lossility because he has advocated to be advoca measure recommended by this uninterrupted line of authority ! .

of this acquisition is put in the strongest an effort to get up but fourd I was unable to; light by the report of Senator Stidell. We I hallooed several times, and succeeded in get-are informed the island contains an area of ting to the outer door, by working myself; I the climate genial, and its por a the finest in the world. More than two-thirds of the whole area is anaceptible of culture, and not a tenth part of it is now cultivated. Senator Slidell e-timates that if Cuba were annexed, her annual consumption of our flour would be 600,000 barrels; of our lard, 25,000,000 that the key of the Company's vault, and a bunch of the key of the Company's vault, and a bunch of private kets assome \$15 or \$20 from my pockets: ibs; of our beef, 20,000,000; and of pork, the most solid and nutritious food for the Jaharer, 10,000,000 lis." These figures, unless greatly exaggerated, should, we think, go of the people of the West toward obtaining about \$2,700; the money was specie and bills; are compelled to decline publi-bing it for special from the tables of the imports and exports, of the Island that they were for the money in the money in the box all missing; the Borough money some \$30 was ery far toward diminishing the abhorrence years following as below:

Exports. Imports. 1852.....\$29,780,242 \$27,453,930 1853..... 27,789,800 1854..... 31,394,578 31,210,405 32,638,959

On arrival of the cars they passed into the dining-room, took dinner, and, on leaving tendered a one dollar bill on the purious bank, which was taken. The men wereimmedittely arrested, and in their carpet-bag were found a number of the purious bills, and a bout \$600 in gold. The "operators" carried a bank note reporter with them, which quotes the bills as good; they say they purchased the bills in New York; know there is no such a bank, but claim a perfect right to circulate

The amount of bills found upon these parties was between six and seven thousand dollars. The morning papers had got it too Doe and Richard Roe .- Cleveland Herald,

Timely Advice.

The editor of the Medical Reformer. remarks that, as in the Spring and early summer, the ren-illines of the organs are increased, the full diet of winter will, if persisted in induce fever. " This is by no means a new discovery. The ancients named the month of February, when their spring began from februm a fever, and wisely recommended, as a proparative for the heats. of summer, judicious exercise, light diet, and the full and free use of water.

Professor Holloway, the distinguished FREE LITEBARY LECTURE AND READING Pills seem to subdue the disturbance in the system at once, and to bring all its functions into harmony with the new atmospheric influences by which it is surrounded. Where the shock occasioned by the change affects tion with the Pills, soon puts the external organization into a healthy condition.

Under these circumstances, common pri dicial in health and therefore nothing should then be left undone that will have the effect interests and well-being of the nation. During Spring, Summer and Fall medicine, declare ing even the brief time that the Atlantic Telethat a complete exemption from the complaints usual at those seasons has been the invariable consequence of their exhibition. and 62d Regiments for India, probably saved This we can readily believe, knowing as we do, that they exercise a triple influence upon the internal organs. They purify the fluids, remove the obstructions, and invigorate the digestive powers. There are few systems so healthy as not to require such helps to Nature at this critical period of the year, and it is therefore obvious that a course of Holloway's Pills is proper, as a protective measure.—

In the Senate on Saturday Mr. Slidell withdrew his Cuban bill, and gave notice that and shared the same fate. Is there not a little enemy advanced killed her master, burned the they made their appearance, and took their on the first day of the next session he should "proscription," bigotry and favoritism in such building, and left her undiscovered in her seats in front of the ladies' gallery. Then a tither rippled on, gathering strength, until it broke into a cultural College bill was sent to the House by the President. That body made an effort

The President has issued a proclamation convening the Senate in extra session on the 4th of March next. This call includes the uew members.

THE NEW JULY LAW. - Lord Campbell' bill for altering the law of juries in civil cases has been printed in England. It is intended by this measure that in the trial of civil cause a jury shall be furnished with fitting accom modations and necessary, refreshment when they retire to consider their vention, and that they shall not be kept in deliberation for models are the present, and the sessions.

Those who desire to be profited ahead come models are the sessions. morathan six hours. At the end of that period a verdict found by nine of the number shall be taken by the Court; and if also have Hon. Nicholes Osesfield, died in not agreed, then the jury shall be discharged.

Wyoming county, Pa., or the 5th lant, A frial which and a that way will be called "abortive," and may be tried again.

A naval officer, writing from Hong Kong to the Philadelphia Ledger, relates the following incident, illustrative of the ingenuiself at the office in St. Louis of the Terre ty of the Japanese in mechanical contrivance : Haute, Alton and St. Louis Railroad, re- "Before leaving Japan we saw a most intepresenting that he had a quantity of Indiana resting display of an winter evening amusemoney which he wished to exchange for other ment for children. One of our Dutch friends fands on payment of a moderate discount.

In presented us with a small box, containing the agent having some \$1800 to remit to what looked like several fundred pieces of the Bellefontaine line office at Indianapolis, brown straw, from three-eighths to an inch in thought it would be a good opportunity to length. 'Throw one of these in that cup of pay the amount give his Indianapolis friends hot water,' he said. We did as desired and pleasant surprise, and pocket the premium it had no sooner touched the water than it himself. Accordingly the bargain was made, expanded into a perfect repres at a ion of a and the seller of the Indiana money disap-peared. Next day the \$1800 package was to be a very buffalo-like cow; the third was luly forwarded to Indianapolis, express a sword, and a fourth a handsome walking charges paid, where the money was found to be not worth the express charges! The bills were excellently done, and purported to be issued by the Manufacturers Bunk of Hart. ford," the word "Indiana" being printed in horses, trees and flowers, and I suppose, had another part of the bill in exceedingly fine we thrown in half of the box, we should have type. There is not such a bank in Indiana. seen duplicates of almost everything known Further investigations were made and the bills, a number of which have made their appearance in different parts of Indiana and the adjoining States, were finally traced a village in our rooms for the purpose of astoni-hing the

THE WOOL MARKET .- The high price which has been obtained for last years clip of wool, and the consequent large profits which have been made by those who bought, has, it is a sted led to general activity annuing dealers and speculators in the article, who display great anxiety to enter into contrasts. for the coming clip, at prices far above those paid for several years. The Cincinnati Price

Current says:
We understand large contracts have already been made in this State, at prices varying from 45 to 60 cents per pound. The pretty fully for the heavy loss s sustained by a five-dollar gold piece in payment of the fare. A conversation spring up, in the course of which they atted that the bills were of 1857. Full blood is now selling in the enstern cities at 50x60 cents per pound, which was bought last summer at 35x40 cents, thus showing what enormous profits count on Indiana money. Getting an inkling half over these dealers who

OUTRAGE IN BUSTON -The outrage in posting Mr. Charles L. Hobson, of Richmond, Va., as a slave hunter here, was one of the most capture of the man. Information was given mean, cowardly, and unjustifiable attacks upcism has perpetrated, and one calculated to injure the character and lusiness interests of Boston materially. Mr. I'obson came here at the request of one of our most respectable nerchants to consumate a mercantile n-gotiation, and for nothing elie.

He was here but a few days, and confined himself while here, strictly to the purpose above auggested. A negro boy-or man-belonging to Mr. II, ran away from him at Richmond, rouse time ago, it is true; but Mr. H. had no wish, or intention to reclaim him; and said that, if he should meet the fugitive, and he required peculiary and t n e for his personal comfort, he would cheerfully render it, leaving Lim unmole-ted .- Boston Post.

On Tue-day week, a prisoner in Alton. large. The defendants have been committed (III.) Peniremiary, for insubor lination, was to jail in default of \$2,500 boil. They did sent to his cell. After being sent there, it not give their real names, but gave it John was a certained that the despendo had a knife, whereupon he was ordered to strip in his cell, leave his clothing upon the floor, and come o t. To is he refused to do, and he being well know as a desperate character, it was considered a hazardous undertaking to enter the cell for the purpose of securing him. digestive The Superintendent gave orders that ford tof winter should be withheld from him until he should come to terms, and it was not until the expiration of about ninety-even loars, upened as to give up the prolonge I contest H. was immediately cared for, and a large knife was found upon him.
