NEW DOB POWER.

A GREAT INVENTION

Patented June 15th, 1858 by A. G. BRUSH, Great Bend, Pa.

WE recommend this POWER to all those who have Churning to do, as being eminently adapted to their wants. It is simple and efficient, requiring less weight to operate it than any other power used for a similar purpose. It is cheap, and at the s me time permanent. Its construction is so perfectly adapted to the work it has to do, that it is impossible to get it out of

At the Susquehanna County Agricultural Fair, held at Montrose, Sept. 30th, 1838, it appears from the following report of the Committee on Farm Implements Addison G. Brush's Dog Pow er took the FIRST PREMIUM. Here is what the Committee says:

"They have been much pleased in the examin

ation of Addison Brush's newly invented Dog Power for Churning; combining, as they believe, ore power with less friction, at less expense than any machine that has yet come under their observation. The ease with which it can be constructed or repaired, and the power indefinitely increased, is a recommendation that cannot be A year's subscription to "Our Musical extended to the codies chain or roller—its sim FRIEND," will secure new and fashionable mu.
