J. DICKERMAN, Jr. New Milford, Nov. 29th, 1858.

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The serofulous taint is variously caused by mercerial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing viers, and, above all, by the venercal infection. Whatever be its origin; it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the

will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints; but they have far less power to withstand the attacks of other diseases; consequently, vest numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous;

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renevate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fittal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the experiments. disorder from the blood, and the rescue-of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Empirity and Skin Diseases, St. Anthony's Fire, Rose, or Erishellas, Pinfles, Pestules, Blattines, Blattines, Blattines, Blattines, Blattines, Blattines, Blattines, Ringworm, Ringement, Stringer, Schalles, Pestulia and Merchala Diseases, Dropey, Despires and Performed IMPERIATISM, SYPHILLITIC and MERCHIAL DIS-LAMES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISHNO FROM VITIA-TED OR IMPERS BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sursaparilla is to partify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills, FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their pecetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debitity is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body. Lut also many formidable and dangerous diseases. The agent below named is pleased to furnish grafts my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Castiveness, Hearthurn, Headack arising from disordered Stomach, Nowset, Indigestion, Plannin and Morbid Function of the Douels, Finitelexy, Loss of Apparitie, Janualice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

DR. E. PATRICK, JR., would like after a silence of nearly ten years, to appeal to the moral sensibilities of a very generous public, who have always manifested their sense of appreciation of his usefulness by exacting his services when needed or thought to be needed, but who have given no other evidence of gratification of the late firm of the hands of Mr. W.m.
