STRANGE & MYSTERIOUS!!

THAT every intelligent man in this community should not know that a new arrangement has been made by

WEAVER & ATHERTON,

AT THE

STEAM MILL SHOP,

FOR CARRYING ON THE BUSINESS OF

Blacksmithing, and Carriage-Ironing.

Many know this to be a fact but for the benefit of the **few** who do not, we would say that we are prepared to do any work in our line, which may be intrusted to us, in the most durable manner, the most approved style, and in the shortest possible time. All our work warranted to give good satisfaction.

NEW DOG POWER!

A GREAT INVENTION:

Patented June 15th, 1858 by

A. G. BRUSH, Great Bend, Pa.

WE recommend this POWER to all those who have Churning to do, as being eminently adapted to their wants. It is simple and efficient, requiring less weight to operate it than any other power used for a similar purpose. It is cheap, and at the same time permanent. Its construction is so perfectly adapted to the work it has to do, that it is impossible to get it out of order.

At the Susquehanna County Agricultural Fair, held at Montrose, Sept. 30th, 1858, it appears from the following report of the Committee on Farm Implements Addison G. Brush's Dog Power took the FIRST PREMIUM. Here is what the Committee says:

"They have been much pleased in the examination of Addison Brush's newly invented Dog Power for Churning; combining, as they believe, more power with less friction, at less expense than any machine that has yet come under their observation. The ease with which it can be constructed or repaired, and the power indefinitely increased, is a recommendation that cannot be extended to the endless chain or roller—its simplicity is truly a remarkable feature, and a dairyman has only to acquire the ordinary ability to use a saw, to make a mortice and tenon, and he has one of these machines within himself. When we consider the drudgery from which a farmer's wife is relieved by these achievements of skill and genius, they cannot avoid feeling grateful for every effort that may be made for such a desirable result. They award him the premium of $3" CALEB CARMALT, } Committee.
ABEL CASSIDY, }

The above indorsement is a sufficient guarantee that this invention is not one of those worthless patents which have gulled the people so extensively.

Any one wishing to purchase town or county, or individual right, can now be accommodated. We invite those who are interested in improving and cheapening farm implements to give us a call and examine our Dog Power. We offer such inducements that those who engage in this business are not only sure to make money themselves, but prove a blessing to every one who has churning to do whom they furnish with one of these time and labor saving Powers.

HARDWARE And Stove Emporium IN FULL BLAST.

THE undersigned would take this opportunity to inform his friends and customers that he has recently made large additions to his former extensive stock of

Hardware, Stoves, Stove Pipe, Stove Trimmings, Zinc, &c.,

and that he is prepared to supply the wants of the community in that line at unusually low prices. He flatters himself that his facilities for manufacturing his own Wares, Stoves, &c., give him a decided advantage over any who purchase and transport at a heavy expense their entire stock.

He would say to those who wish to purchase STOVES of any description, STOVE PIPE, or TRIMMINGS, of any kind, and pay for them, he is prepared to give them great bargains; but to those who want to purchase on a year's credit and then let it run two years more, he had rather they would call on some one else, even if they have to pay seventy-five per cent more than an article is worth. In the line of

Shelf Hardware,

his assortment is the largest and best selected in Susquehanna County; purchased as his stock has been mostly of manufacturers, he is enabled to offer inducements to those country merchants who buy small bills, rarely found this side of the big city. We can offer special inducements to Carpenters and Joiners who are in want of either Tools or Building Materials. Blacksmiths can find ANVILS, VICES, BELLOWS, and, in fact, almost anything in their line, by calling on us,

CHEAP FOR CASH.

Our stock of

Dry Goods, Groceries, Boots and Shoes, Hats and Caps, Yankee Notions, &c. &c.,

is as large as the times will admit of. They were purchased at a low figure, and will be sold at prices to correspond with the times.

READY-MADE CLOTHING!

We have just opened about one and a-half cords of ready-made clothing. Every body says they are cheap. Some say they are *very* cheap, and a number have ventured to say they are *dog* cheap. Certain it is that a small pile of money will buy a large pile of clothing.

We would add, in this connection, for the information of all concerned and the "rest of mankind," that we are tired and sick of the credit system; we have suffered enough by it already, and are determined to rid ourselves of the whole "critter." Believing that the nimble sixpence is the true system, we are resolved to adopt it, and are offering our goods at prices to correspond.

TO THE PUBLIC.

SOME Merchants publish a few low prices, or the price of a few low priced articles, as an inducement to persons to make their purchases of them, under the presumption that everything is equally low. Without taking space in the public papers to enumerate prices, I wish it distinctly understood, that I will sell Goods as low for the quality as they can be bought in any other Store in this place or county. Baits and Hooks not used. Purchasers will generally find good qualities of Articles at TURRELL'S, and in Drugs, Medicines, Paints, Oils, and Dye Stuffs, the very best, and the assortments full. The Fancy Goods Department is also extensive. Also, choice Family Groceries, Crockery, Wall Paper, Jewelry, Perfumery, &c. In short nearly everything usually kept in country stores. As I deal in many departments of trade, and have more Articles than I can well enumerate in the limits of a Newspaper, I shall not attempt it: neither will it be necessary, under these circumstances, to fill a column with useless repetitions and blanks. The people are invited to call and examine for themselves.

DR. E. Please notice this and take action accordingly.—Yours Truly.

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.
