That every intelligent man in this community should not know that a new arrangement has been made by

Blacksmithing,
and Carriage-ironing.
Many know this to be a fact, but for the benefit of the few who do not, we would say that we are prepared to do any work in our line, which may be entrusted to us, in the shortest possible time, and at the lowest possible price. All our work warranted to give satisfaction.

NEW DOG POWER!

A GREAT INVENTION!

Patented June 16th, 1838 by
A. G. BRUBEK, Great Bend, Pa.

We recommend this POWER to all those who have Churning to do, it is simple and efficient, requiring less weight to operate it than any other power used for a similar purpose. It is cheap, and at the same time permanent. Its construction is so simple, that it is impossible to get it out of order.

At the Susquehanna County Agricultural Fair, held at Montrose, Sept. 30th, 1858, it appears from the following report of the Committee on Power Implements: "Addition G. Brubeck's Dog Power took the first premium. Here is what the Committee says: 'They have been much pleased in the examination of the Dog Power, newly invented Dog Power for Churning; combining, as they believe, more power with less friction, at less expense than any machine that has yet come under their observation. The ease with which it engages, and increased, is a recommendation that cannot be extended to the endless chain or roller—its simplicity is truly a remarkable feature, and a dairyman has only to take a saw, to make a mortise, and to have one of these machines within his grasp. When we consider the difficulty from which a farmer's wife is relieved by these achievements of skill and genius, they cannot avoid feeling grateful for every effort that may be made for such a desirable result. They award him the premium of \$30.'"

CALEB CARMALT, Committee.
The above-mentioned is a sufficient guarantee that this invention is not one of those worthless patents which have galled the people so extensively. Any one wishing to purchase town or country, or individual rights, can now be accommodated. We invite those who are interested in improving and cheapening farm implements to give us a call and examine our Dog Power. We offer such inducements to those who engage in this business, not only to make money themselves, but to prove a blessing to every one who has churning to do when they furnish with one of these time and labor saving Powers.
SMITH, RECKHOW & YOUNG,
Jan. 20, 1859. Great Bend, Pa.

HARDWARE

And Stove Emporium

IN FULL BLAST.

THE undersigned would take this opportunity to inform his friends and customers that he has recently made large additions to his former extensive stock of
Hardware, Stoves, Stove Pipes, Stove Trimmings, Zinc, &c.,
and that he is prepared to supply the wants of the community in that line at unusually low prices. He has fitted up the facilities for manufacturing his own Ware, Stoves, &c., give him a decided advantage over any who purchase and transport at a heavy expense their stock.
He would say to those who wish to purchase TRIMMINGS of any kind, and pay for them, he is prepared to give them the best bargain, but to those who want to purchase on a year's credit, and then let it run two years more, he had rather they would call on some one else, even if they pay to seventy-five per cent more than an article is worth. In the line of
Shelf Hardware,
his assortment is the largest and best selected in Susquehanna County; purchased as his stock has been mostly of manufacturers, he is enabled to offer inducements to those country merchants who may desire to purchase. His side of the big city. We can offer special inducements to Carpenters and Joiners who are in want of either Tools or Building Materials. Blacksmiths can find ANVILS, VICES, BELLOWS, and almost anything in their line, by calling on him.
CHEAP FOR CASH.
Our stock of Dry Goods, Groceries, Boots and Shoes, Hats and Caps, Yankee Notions, &c., &c., is as large as the times will admit of. They were purchased at a low figure, and will be sold at prices to correspond with the times.
READY-MADE CLOTHING!
We have just opened about one-and-a-half cords of ready-made clothing. Every body says they are cheap. Some say they are very cheap, and a number have returned to us they are doing cheap. Certain it is that a small pile of money will buy a large pile of clothing.
We would add, in this connection, for the information of all concerned and the rest of mankind, that we are tired and sick of the credit system; we have suffered enough by it already, and are determined to rid ourselves of the whole "critter." Believing that the simple system is the true system, we are resolved to adopt it, and are offering our goods at prices to correspond.

NOTICE.
DR. E. PATRICK, JR., would like after a silence of nearly ten years, to appeal to the moral sensibilities of every generous public, who have manifested their sense of appreciation of his usefulness by exerting his services when needed or thought to be needed, but who have given no other evidence of gratitude or good will—particularly in the way of "substantial aid." He would say that he now desires a full and entire settlement of all his accounts; also the accounts of the late firm of Patrick & Dimock; and he wishes further to state that he desires nothing to be considered wrong, if, after a few weeks, the said accounts, remaining unsettled, should be placed in the hands of a good sharp collector, and made to account to him something that will buy Oats and Buckwheat. Please notice this and take action accordingly. Yours truly,

TO THE PUBLIC.

SOME Merchants publish a few low prices, or the price of a few low priced articles, as an inducement to persons to make their purchases of them, and under the pretension that everything is equally low. Without taking space in the public papers to enumerate prices, I wish it distinctly understood, that I will sell Goods as low for the quantity as any other Store in this place or county. Bait and Hooks not used. Purchasers will generally find good qualities of Articles at TURRELL'S, and in Drugs, Medicines, Paints, Oils, and Dry Goods, the very best of the market. The Fancy Goods Department is also extensive. Also, choice Family Groceries, Crockery, Wall Paper, Jewelry, Perfumery, &c. In short nearly everything usually kept in country stores, as I deal in many departments of trade, and have more Articles than I can well enumerate in the limits of a Newspaper, I shall not attempt it; neither will it be necessary, under these circumstances, to fill a column with useless repetitions and blanks. The people are invited to call and examine for themselves.
