Ayer's Sarsaparilla

A compound remedy, in which we have in-bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so conditined with other substances of still greater alterative power as to afford an effective antidate for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFTIA AND SCROFTIATS COMPLAINTS, ERTITIONS AND ERUTTIVE-DISEASE, ULCERS, PIMPLES, BLOTCHES, THOMOR, SALT RIBEY, SCALD HEAD, SYPHILES AND SCRUTTER AFFECTIONS, MERCURIAL DISEASE, DROPST, NEUof Para Sarsaparilla, so combined with other

FECTIONS, MERCURIAL DISEASE, DROPST, NEU-RAIGIA OR TIC DOPLOTREUX, DEPILITY, DYS-PERSIA AND INDICESTION, ERVSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from Impurity or THE BLOOD.

class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this romedy, spare themselves from the endurance of foul cruptions and ulcerous gores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you tind it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it.

for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Harsaparilla, contain but little of the virtue of Sarsaparilla, or any thing else.

Thiring late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which thend the protect until the has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to seeme their complete cradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO. LOWELL. MASS.

Ayer's Cherry Pectoral, has wen for itself such a renown for the cure of every variety of Threat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Yours, truly, &c., ———." When the above gentleman called on me, he had no hopes of a cure; all he expected was a little relief. I first made a Phrenological and an Anatomical examination of him. Having satisfied mys-if that he had no throng disease about bin. I told him at once that I could cure him; but he had suffeed so much disappointment in the other, remedies he had tured, that he even doubted natue. I however, I made the accessary Mathgmantical and Astronomical calculations; and having by these means ascertained what herbs, under planetary indicace, were best adapted to his case, the cure was very soon accomplished. He soon recovered all his mental and physical congress; in about, he became a man again; and shortly after married, and I need not say became a happy man.
