Look at This!
NICARAGUA
 CONTAINS mines of the precious metals for which the gold of California sinks to insignificance. A few months of well directed effort among them is ample to secure a fortune. She has a beautiful soil, and a soil fertilized by adapted to the growth of Cotton, Tobacco, Sugar or Coffee. As the Key to our Pacific Possessions, and with her Government in a state of dissolution, Nicaragua clearly indicates an opportunity for the acquisition of a large territory, with a history of the filibusters, the Casa Ysari treaty, a new and improved map of the country, appropriately colored, and other matters of interest, read NICARAGUA; PART SECOND, BY PETER F. STOUT, Esq., "late United States Vice Consul."
 It is a handsome 12mo. volume, and will be sent to your address post-paid, on the receipt of the price (\$1.25). Agents will find it very popular. Send to JOHN E. POTTER, Publisher, No. 617 Slocum St., Philadelphia, Pa. May 12th, 1859—2m3h.
