CIRCULAR TO THE SICK. THE first hospital surgeons and medical publicists of Europe, admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their payal and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlies the external evi-dences of disease, and neutralize the fiery ele-

wences or discase, and neutralize the fiery ele-ments which feed and exa-perate the malady. Rheumatism, Scrofuls, Erysipelas. These are among the most terrible and ago-nizing discases of the muscles, the fleshy fibre and the skin: yet in their worst forms and and the skin; yet in their worst forms, and when and the skin; yet in their worst chais, and areaseemingly incurable, they invariably disappear under a persevering application of this soothing, healing, autidate to pain and inflammation.

Sait Rheum, Fever Sores, Stiff Joints.

In all cases of Sait Rheum, where medical waters, lotions, and every receipt of the pharmaco-

poes have proved useless, the Ointment will accomplish a thorough cure. Fever Sores hea

A Word to Mothers:

The young are the most frequent suffers from

Bignificant Facts.
This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scorbutic affections, and as the best possible remedy for wounds and bruises. Large supplies of it have recently then ordered by the Sultan of Turkey for hospital purposes.

Both the Oiniment and Pills should be used in the following cases: Chapped Hands, Scalds, Mercurial Emptions, Sore Legs,

Chilbiains, Rheumatism, Sore Breasts: Fistula, Ringworm, Salt Rheum, Sord Throats. Lumbigo, Skin Diseases, Sprains, Stiff Joints, Worms of all kinds, Venereal Sores, Oweffed Grands.

All the statistical information is from the latest reports; the geographical accounts keep pace with the latest explorations; historical matters include the freshest just views; the biographical notices not only speak of the dead, but also of the living.
