Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract & Para Sarsaparills, so combined with other to aimses of still greater alterative power as Sarsaparial effective antidote for the disenses that such a resputed to cure. It is believed that such a resputed to cure. It is believed that such a resputed to cure. It is believed that such a resputed to cure. It is believed that such a resputed to cure in the lowest who which will accomplish uplaints, and that one of immense service to this cure must prove of immense service to this cure must prove of limense service to the cure must prove of the following complaints:

Schopella and Schopellogs Complaints, Eurprisons and Eurprive Diseases, Ulcers, Previous Research

EUUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUNORS, SALT RIEUX, SCALD HEAD, STPHILIS AND SYPHILISE AF-PACTIONS, MERCURIAL DIREASE, DEDTER, NEU-RACIDA OR TIC DOUBOUREEK, DESSILIT, DYS-PHYSIA AND INDICESTION, EXTRIPLIA, ROSE OR ST. ANTHONY'S-Firs, and indeed the whole class of complaints arising from INTURERY OF

on Sr. Astrony's-Firm, and indeed the whole class of complaints arising from Inventy or the Blood.

This compound will be found a great prometer of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous series, through which the system will strive to rid itself of dorruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pinaples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously dereived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it,

for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall reseme the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irregistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete cradication from the system, the remedy should be judiciously taken according to directions on the bottle.
