N. B.—A WORD OF EXPLANATION TO those who have known us under the style of Evans & Co. The Business located by us at No. 677 Broadway, New York City, is the oldest established house in the country, and is known world-wide as the original "Evans & Co's Git Bookstore." Many have taken the advantage of our popularity to advertise under the same name, to increase their trade—to protect the quehanna county for trespass on the case, now few who may be unacquainted with us, we would state that we have no connection with any other

Aver's Sarsaparilla

A compound remady, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an offective antidote for the disenses Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumons complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Schofula And Schopulous Complaints, Enurrious and Enurive Diseases, Ulcens, Pimples, Blotches, Tenons, Salt Ribem, Scald Head, Syphilis and Syphilipia And Enurive Disease, Doden, Neurocomplaints and Enurive Disease, Doden, Neurocomplaints and Supplicition of the Schopular Disease, Doden, Neurocomplaints and Enurive Disease, Doden, Neurocomplaints and Technology, Supplied Disease, Doden, Neurocomplaints Disease, Dode

By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this reinedy, spare thenselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veius; cleanse it whonever it is foul, and your feelings will tell you when. Even where no particular disorder is folt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered dr overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it; but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been mis-

preceding to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to seeme their complete eradication from the system, the remedy should be judiciously taken according to directions on the bettle. be judiciously taken according to directions on
