Relinda Blond has azure eves. Through drooping lashes stealing, In every feature softness lies,

A nature soft revealing. Her toilet's rich and ever new,

And costly is her carriage : She owns in church the choicest pew

Bride ever gained by marriage. Her husband once was rude and rough, But now is mild and tender-

You'd never think such surly stuff, To woman would surrender.

Oh, tell me, pray, Belinda dear, How, thus your lord you master-Whose gloomy mood created fear-Whose frown foretold disaster !

Ah me, she said, it cost me years To find the right mesmerice ; A man must yield to floods of tears-

There's nothing like hysterics. ET PHYSICAL BENEFIT OF THE SABBATH.-

the Sabbath is God's special present to the working man, and one of his chief objects is o prolong his life, and preserve efficient his working tone. In the vital system it acts like asation fund; it replenishes the spircompet its, the elasticity and vigor, which the last six have drained away, and supplies the force and tumbled poudition. The inequalities of which is to fill the six days succeeding; and, in the economy of existence, it answers the same purpose, as economy of income, is answeled by a savings bank. The fragal man puts away a pound to day and another pound next month, and who, in a quiet way, is put-ting by his stated pound from time to time, when he grows old and frail, gets not only The age of any portion of the earth's surface the same pound back again, but a good many may in some measure be determined by tha des. And the conscien pounds be tious man who husbands one day of his existence every

week-who, instead of allowing the Sabbath to be trampled and torn in the harry and ecramble of life, treasures it devoutly up, the Lord of the Sabbath keeps it for him, and in length of days, the hale old age gives it back with usary. The navings bank of human existence is the weekly Sabbath .- North Brit tish Beriew. 800
