Rheumstism, Scrofula, Erysipelas.

These are among the most terrible and age nizing diseases of the muscles, the fleshy fibr and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappe seemingly incurable, they invariantly disappear under a persevering application of this soothing, healing, antidote to pain and inflammation. Salt Rheum, Fever Sores, Stiff Joints. In all cases of Salt Rheum, where medical wa-ters, fotions, and every receipt of the pharmaco

Discharging Ulcers.

A most remarkable and happy change is produced in the appearance of malignant ulcers after a text applications of this Oinment. The surrengding redness vanishes, and granules of of neutra flesh begin to take the place of the disquarget matter. This process goes on more or less rapidly, until the orifice is filled up with sound material, and the ulcer radically cured.

Ayer's Sarsaparilla

A compound remedy, in which we have la-bored to produce the most effectual alterative that can be made. It is a concentrated extract bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to care. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Schopula and Equipple Diseases, Ulceurs, Penples, Bloccues, Tukors, Salt Ribers, Scald Head, Syphilles and Syphilles, Scald Head, Syphilles and Syphilles, Received, Merchan, Syphills and Syphilles, Received, Tukors, Balticues, Thereis, Scald Head, Syphills and Syphills on The Douboureux, Debilett, Dyspersia and Indicentry, Dyspersia and Indicentry, Dyspersia and Indicentry, Dyspersia and Indicentry, Cartificas, Rose of Complaints arising from Imperity of the Blood.

This compound will be found a great promoter of health, when takens in the spring, to explicit the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do

the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcrous sores, through which the system will-strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and slüggish in the veins; cleanse it whonever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to, be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

pretending to be concentrated extracts of the contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been mialed by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of oblequy which rosts upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

Price, \$1 per Bottle; Six Bottles for \$5. Ayer's Cherry Pectoral, has won for itself such a renown for the cure of every veriety of Throat and Lang Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is, kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

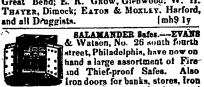

Continence of the world for all the purposes of a family physic. Price 25 cents per Fox; Five boxes for \$1.00.

Great rumbers of Clergymen, Physicians, Statesmen, and entinent personages, have lent their names to certify the unparalleled uncollness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our American Almanac in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other, preparations they make more profit on. Demand Aren's, and take no others. The sick want the best aid there is for them, and they should have it.

When we reflect that these Safes were located in the fourth story of the building we occupied, and that they subsequently fell into a heap of burning ruins, where the vast concentration of heat caused the brass plates to melt, we cannot but regard the preservation of their valuable contents as most convincing proof of the great security afforded by your Safes.
