

HULLUWAY'S OINTMENT. CIECULAR TO THE SICK.

CIRCULAR TO THE SIZE.

THE first hospital surgeons and medical publicies of Europe, admit the unparalleled and indiammatory and healing properties of this Ontment; governments sanction its use in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties.

It penetrates the sources of influmnation and corruption which underlies the external evidences of disease, and neutralize the fiery elements which fund and exa-perate the malady.

Rhoumatism, Scrofula, Erysipeles.

These are among the most terrible and ago-nizing diseases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, hearing, antidote to pair and inflammation.

A most remarkable and happy change is produced in the appearance of malignant ulerrs after a few applications of this Oloment. The surrounding redness vanishes, and granules of of healthy flish begin to take the place of the discharged matter. A Word to Mothers.

The young are the most frequent suffers from external injuries, and therefore every mother

Significant Facts.

Both the Ointment and Pills should be used in the following cases:

contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the Ename itself is justly despised, and has become Sarsaparilla which flood the market, until the name itself is justly despised, and has become symonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall restue the name from the load of oblique which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to ducetions on

Mesars, Evans & Warson.—Guntlemen: It affords us the highest satisfaction to state to you, that owing to the very protective qualities of two of the Salamander Sales which we purchased of you some months since, we saved a large portion of our jewelry, and all our books; papers, &c., exposed to the calamitous fire in Ranstead Place, on the morning of the 11th

When we reflect that these Safes were located in the fourth story of the building we occupied, and that they subsequently fell into a heap of burning ruins, where the vast concentration of heat caused the brass plates to melt, we cannot but regard the preservation of their valuable contents as most convincing proof of the great security afforded by your Safes. We shall take much pleasure in recommend-ing them to men of business as a sure reliance
