CIRCULAR TO THE SICK. THE first hospital surgeons and medical pub-licists of Europe, admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their ontinent; governments sanction its use in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlies the external evidences of disease, and neutralize the fiery ele-ments which feed and exasperate the malady. Rhoumatism, Scrofula, Erysipolas.

These are among the most terrible and agonizing diseases of the museles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly heurable, they invariably disappear seemingly incurable, they invariantly disappear under a persevering application of this soothing, healing, autidote to pain and inflammation. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on-many of the worst cases to be found of the following complaints:—

Sarsaparilla has, and deserves much, the reputation, of accomplishing these coids. But

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed armic has not all the virtue ting a channed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else.

During late years the public have been missled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, and the sick, for they not only contain little, if any, Sarsaparilla, upon the sick, for they not only contain little, if any, Sarsaparilla, it any, Sarsaparilla, it any, Sarsaparilla, it and the softlewed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete cradication from the system, the remedy should be judiciously taken according to directions on the bottle. or any thing che.
