HOLLOWAY'S OINTMENT.

CIRCULAR TO THE SICK. THE first hospital surgeons and medical publicists of Europe, admit the unparalleled anti-manamatory and healing properties, of this Continent; governments sanction its use in their naval and military services; and the masses in this country and throughout the world repose the nimest confidence in its anative properties. the utmost confidence in its curative properties.
It penetrates the sources of inflammation and corruption which underlies the external evidences of disease, and neutralize the fiery ele-

Rheumatism, Scrofula, Exysipelas.

These are among the most terrible and agonizing diseases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, autidote to pain and inflamonation.

Batt Rheum, Fever Sores, Stiff Joints.

In all cases of Salt Rheum, where medical waters; lotions, and every receipt of the pharmacopica have proved useless, the Ointment will ascomplish a thorough cure. Fever Sorea heal

Discharging Ulerrs.

A most remarkable and happy change is produced in the appearance of malignant ulers after a few applications of this Oinment. The surrounding redness vanishes, and granules of
of healthy flesh begin to take the place of the
discharged matter. This process goes on more
or less rapidly, until the orifice is filled up with
spind material, and the uleer radically cured.

Aver's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sansaparilla, so, combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sansaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our which will accomplish their cure must prove of immense service to this large class of our grafflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

on Sr. Anthony's Fire, and indeed, the whole class of complaints arising from Lururity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-iy expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

pretending to the tritue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete cradication from the system, the remedy should be judiciously taken according to directions on be judiciously taken according to directions on the bottle.
