HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CLLEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and chizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of here assertion or blazoning puffery. The consumption of Rostetter's Stomach Bit-ters for the last year amounted to over a halfmillion-bordes, and from its manifest steady increase in times past, it is evident that during the centing year the consumption will reach near one milligratorities. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its officacy in all cases of stomachic derangements and the discases resulting therefrom.

This is not a temperary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid

stimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stonyach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. At removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

to a condition essential to the healthy discharge of the functions of, nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigarating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derappendents and general debility; acting under rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious, drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt, to forcet her own health in her exiteme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of bodily strength. tall those persons, to which we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers; will consult their own physical welfare by giving to Hos-tetter's Gelebrated Stomach Bitters a trial. CAUTION .- We caution-the public against using any of the many imitations or counterfeits, but ask for Hostetten's Celebrated the words "Ir. J. Hostetter's Stomach Bitters' blown on the side of the bottle, and stampe on the metallic cap covering the cork, and observe that our autograph signature is on the

An aperient and stomachic preparation of IRON purified of Oxygon and Carbon by combustion in Hydrogen, of high medical authority and extraordinary efficacy in each of the following complaints, viz.:

DERHITY, NERVOUS AFFECTIONS, EMACITATION, SCROFULA, SALT RHEUM, SCURVY, JAUNDICE, LIVER COMPLAINTS RHEUMA-TISM, MERCURIAL CONSEQUENCES, INTERMITENT FEVERS, NEURALGIA, CHRONIC HEADACHES, FEMALE WEAKNESS, MISMENTRUATION, WHITES, CHLOROSIS, etc., PIMPLES ON THE FACE, ROUGHNESS OF THE SKIN, etc.

The IRON being absorbed by the blood, and this circulating through the whole system, no part of the body can escape their truly wonderful influence.

The experience of thousands daily proves that no preparation of Iron can for a moment be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. In all cases of female debility (huor-albus, chlorosis, etc.), its effects are delightfully ronovating. No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetito, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use. A compound remedy, in which we have la-bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparillay so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases. Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to; this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the Changing complaints.

ment on many of the worst eases to be found of the following complaints:

Schopula, and Schopulous Complaints, Engretons and Engrited Diseases, Uccess, Pimples, Blorches, Tomors, Salt Rinley, Scale Head, Syphillis and Syphillic Apprecious, Mencurial Disease, Diogry, Neuralicia on Tie Doulourieux, Debility, Dysnatic Appreciations, Mencurial Disease, Diography, Neuralicia on Tie Doulourieux, Debility, Dysnatic PERSON AND INDIGESTION, ENCEPPEAS, Rose on St. Anthony's Fire, and indeed the whole

This complaints arising from Instruct or the BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which foster in the expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders, are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous seres, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the situated blood wherever you find its invarities. vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, bursting through the skin in pumples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the vers; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later, something that go wrong, and the great merthings of

must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, prefeating to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

contain but little of the virtue of Sarsaparina, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most, of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparille rilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the Sarsaparilla which flood the maket, until the frame itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of oblequy which rets upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete gradiention from the system, the ground's should cradication from the system, the remedy should be judiciously taken according to directions on
