HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-tation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the litters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of tomachic derangements and the diseases resulting therefrom.
This is not a temporary papularity, obtained by extraordinary efforts in the way of trum-

peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Butters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid-matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a simulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbinglytender, that the mother, especially if she be young is ant to forget her own health in her extreme anxiety for her infant. Should the period of materni arrive during the summer season, the wear of looly and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that; receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superminuted invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stampe on the metallic cap covering the cork, and

observe that our autograph signature is on the iabel.

ul influence. The experience of thousands daily proves that no preparation of Iron can for a moment be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in al-most every conceivable case. In all cases of female debility (fluor albus, chloroin, etc.), its effects are delightfully renovating. He remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use. HOLLOWAY'S OINTMENT.

CIRCULAR TO THE SICK. THE first hospital surgeons and medical pub-licists of Europe, admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and orruption which underlies the external evidences of disease, and neutralize the fiery elements which feed and exasperate the malady.

Rhenmatism, Scrofula, Erysipelas.

These are among the most terrible and ago izing diseases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappear ander a persevering application of this soothing healing, autidate to pain and inflammation.

Salt Rheum, Fever Sores, Stiff Joints. In all cases of Salt Rheum, where medical wa-ters, lotions, and every receipt of the pharmacopoea have proved useless, the Ointment will ac omplish a thorough cure. Fever Sores heal nickly under its influence, and its relaxing efect upon contracted sinews is truly wonderful.

Discharging Ulcers.

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Oinment. The surrounding redness vanishes, and granules of of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material, and the ulcer radically cured.

A Word to Mothers.

The young are the most frequent suffers from

injudies, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces

Significant Facts. This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scorbutic affections and as the best possible remedy for wounds and bruises. Largé supplies of it have recently been ordered by the Sultan

of Turkey for hospital purposes. Both the Ointment and Pills should be used in the following cases:
Chapped Hands, Scalds, Burns, Mercurial Eruptions, Sore Legs, Sore Heads,

Ringworm, Salt Rheum, Gout, Sore Throats Lumbago, Skin Diseases, . Sores of all kinds Sprains, Stiff Join's, Worms of all kinds, Venereal Sores Ulcers, the World."

Berofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated; weak, and poor. Being in the circulation, it p read s the whole body, and may burst out in disease on any part of it. No organ is free from its a tack, nor is there one which it may not desartack, nor is there one which it may not destroy. The scrothlois taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, fifth and filthy habits, the depressing vices, and, after all, by the venerial infection. Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other discusses; consequently, what numbers perish by disorders quently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rend red fatal by this taint in the system. Most of the consumption which de-cimates the human family has its origin directly cimates the human lamily has its origin directly in this serofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same causes. One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undernined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is com-bined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affecand Skin Diseases, St. Anthony's Fire, Rose, or Errstream, Pimples, Puttles, Blutthes, Blants and Boils, Tumors, Tetter, and Sait Rueva, Scale Head, Ringworm, Ringworm, Street, Brutter, Drugers, Druger EASES, DROPSY, DYSPERSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIArap on Impute Broon.
