HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITS TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than tolumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million boitles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation and the sanction of the most pro physicians in those sections of the country where the article is best known, who not only recommend the litters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is

destined to be as enduring as time itself.

Alostener's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system. imparis renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Liberly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the genther sex. There are certain periods when their cares are so harnesing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of these Samurallians and the samuelland and the s of-Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective natidate for the diseases Sarsaparilla is repured to care. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immens, service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by exper-

iment on many of the worst cases to be found of the following complaints:

Schaffly and Schofflors Complaints, ERUPTIONS AND ERUPTIVE DISTRIBLE ULCERS. Pineles, Blotonis, Tenors, Salt Riven, Scale Head, Syrnilis and Syrnilitie Ar-PECTIONS, MERCURIAL DISEASE, DROPSY, NEW-PROTONS, MERCHAL DISCUSE, DEDICTY, NEW-RAIGIA OR TIC DOCLOURICK, DEBLITY, DYS-PRESIA AND INDOCSTOY, ENFIRELAS, ROSE OR St. ANTHONY'S FIRE, and indeed the whole class of complaints arising from Incurry or тив Вьоор.

This compound will be found a great pro-mot rothealth, when taken in the spring, to expel the foul humors which fester in the expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the had. Multitudes can, by the aid of this remedy, spare them-elves from the endurance of foul eruptions and alcerous-sores, through which the system will strive to rid, itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleause out the by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Somer or later something must go wrong, and the great machinery of

must go wrong, and the great machinery of life is disordered or overthrown. Sarsaparilla has, and deserves much, the Sagaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else. or any thing else.

or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart
of Extract of Sarsaparilla for one dollar. Mest
of these have been-frauds upon the sick, for
they not only contain little, it any, Sarsajarilla, but often no curative prajectics whatever. Hence, bitter and princhel disappointment
has followed the use of the various extracts of
Sarsaparilla which fit of the realect, until the
name itself is justly despised, and has become
synonymous with imposition and cheat. Still
we call this compound Sarsaparilla and interid we call this compound Sarsaparilla, and interest to supply such a remedy as shall rescue the name from the lead of oblequy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to scenre their complete cradication from the system, the remedy should he judiciously taken according to directions on

These pills not dolly purify the blood, but recent at the contraction is removed.
