Diseases of the Chest and Lungs .-These diseases are too well known to require a description. How many thousands are every year carried to a silent grave by that dreadful scourge Consumption, which always commences with a slight cough. Keep the blood pure and healthy by taking a few doses of JUDSON's MOUNTAIN HERB PILLS each week, and disease of any kind is impossible. Consumption and Lung difficulties always arise from particles of corupt matter deposited in the air-cells by bad blood. Purify that stream of life and it will-very soon carry off and destroy the poisonous matter; and like a crystal river flowing through a desert will bring with it and leave throughout the body the, elements of fertility in its course, causing the before barren waste to bloom with flowers; and fruit, so pure blood causes the frame to rejoice in strength and health, and bloom with unfading

Chills and Pever. One of the greatest remedies that has ever been laid before the gub-lic, for Fover and Ague, and which have rec'vd the highest encomiums from the press and the people, is DR. J. HOSTETTER'S CELEBRA-TED BITTERS. Who would endure the tortures arising from this terrible disease, when it can be so easily cured? Who would endure the sleepless nights, burning fevers and ley chills, alternately, when a remedy can be obtained for a mere trifle! And yet how many families ling the water through the clothes, and effectually ger out a painful existence under this deadly removing the dirt. The action of the water blight, and do nothing but gulp down quinine, until it becomes as common as their daily meals, and yet they are not relieved. None but the foolish and weak would fiesitate to procure the valuable Bitters, and save themselves intense agony. For sale by druggists everywhere.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of EOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few tacts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The constitution of Hostetter's Stomach Bit-ters for the last-year amounted to over, a half-million bottles, and from its manifest istendy increase in times past, it is evident that during the coming year the consumption will reach near one million-bottles. This immense amount could never have been sold but for the rare medicinal properties fontained in the preparaphysicians in those sections of the most prominent physicians in those sections of the country where the article is less known, who not only recommend the Bitters to their patients, but are ready at all times togive testimonials to its efficacy in all cases of stomachic dernagonates and the diseases resulting therefrom. and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the litters, but a solid estimation of an invaluable inciding, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and spine and various other bilious complaines have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dysnetsia and like are a certain cure for the Dyspepsia and liko

proprietors a cource of unalloyed pleasure. It removes all morbid matte from the stomach, purifies the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon , the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a simulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic. and rejutenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the merits of this article. A few words to the gentler sex. 'There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity savire during the support scene. arrive during the summer season, the mear of body and mind is generally aggravated. Here, body and mind is generally aggravated. Here, then, is a recessity for a stimulant to receperate the energies of the system, and conduct the mother to bear up under her exhausting irials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physi-

cinns, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength. All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhead, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary, occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION.-We caution the public against using any of the many inditations or counter-feits, but ask for Hosterten's Celebraten STOMACH BITTURS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the 49- Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.
