CATABACT WASHING MACHINE Clothing, Time, and Labor Saved! INDISPENSABLE TO HOUSEKEEPERS. The most simple, economical, and durable article ever offered to the public to alleviate the discomforts of wash-day.

Description. It consists of a metal cylinder, with ribs on the inside, and an interior cylinder of wood, with ribs. There is a space from six to eight inches between the two cylinders. One craul turns both cylinders at the same time in oppothe directions, rapidly creating a suds, forcing the water through the clothes, and effectually removing the dirt. The action of the water does the work quickly, dispenses entirely with rubbing, and thus saves the wear of clothes. JAMES B. RODGERS, 104 Jones Alley, Phil. is Agent for Penn.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to States, because the article has attained a repu-tation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one nullion bottles. This immense amount could never have been sold but for the rare nedicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements, and the diseases resulting therefrom. 3 This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bilters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved an Godsend to regions where fever and sque and various other billious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach nurifies the blood and from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon-the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort. in it a stimulant peculiarly adapted to comfort declining years, as, it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harasing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorations. tors that receive the endorsement of physicians, because it is agreeable to the taste as

well as certain to give a permanent increase of hodily strength.

All those persons to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary cupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the

Philadelphia, April 12th, 1856. Messrs, Evans & Watson. Gentlemen: It affords us the highest satisfaction to state to you, that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some months since, we saved a large portion of our jewelry, and all our books, papers, &c., exposed to the calamitous fire in

Ranstead Place, on the morning of the 11th When we reflect that these Safes were located in the fourth story of the building we occupied and that they subsequently fell into a heap o burning ruins, where the vast concentration of heat caused the brass plates to melt, we cannot but regard the preservation of their valuable contents as most convincing proof of the great security afforded by your Safes.

We shall take much pleasure in recommending them to men of business as a sure reliance

The inventor and manufacturer of "Judson's Monntain Herb Pills," has spent the greater part of his life in traveling, having violited nearly every country in the world. He spent over six years among the Indians of the Rocky Mountains and of Mexico, and it was thus that the "MOUNTAIN HERD JULES" were discovered. A very laterating account of his adventures there, you will find in our Almanac and Pamphlet. The AUCKYAIN HAMBOLINE TO THE METERS OF WHILE IN THE STATE OF THE STAT

IMPURE BLOOD: The blood is the life! and when any forbign or unless'by matter gets mixed with it. It is at once distributed to every organ of the body. Every nerve firely the prison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver seases in accrete a sufficiency of bile. The action of the heart is reakened, and low the circulation is fields. The lungs become elegacit with the polyanous matter: hence, a cough—and all from a slight impurity at the fountainhead of life—shedlifood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tny risulet, in a few minutes the whole course of the stream becomes disturbed and discolored. As Quickly does impure blood by to every part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life some discondings out.

the obstruction is removed, the lamp of life soon dies out.

These pills not only purify the blood, but regenerate all the secretions of the body; they are, therefore, unrivalled as a CURE FOR BILIOUS DISEASES, Liver Complaint, Sick Realizable, &c. This Anti-Rithers Medicine expets from the blood the hidden seeds of disease, and renders all, the fluids and secretions pure and fluent, clearing and resuscitating the vital organs.

The sagnt indeed, is it to us, that we see able to place within your reach, a medicine like the "MoxArak Hiss Esiz," that will pass directly to the afflicted paris, through the blood and fluids or the body, and cause the sufferer to brighten with the flush of beauty and health;

BC The Plants and Herbs of which these Pills are made, were discovered in a very surprising way among the Tenicans, a tribe of Aborigines in Mesico. Get the Ahmanic of our Agent, and you will read with delight, the very interesting account it contains of the "Grant Minchat" of the Astocs;
