CATARACT WASHING MACHINE. Clothing, Time, and Labor Saved! - INDISPENSABLE TO HOUSEKEEPERS. The most simple, economical, and durable article ever offered to the public to alleviate the

discomforts of wash-day Description. It consists of a metal cylinder, with ribs on the inside, and an interior cylinder of wood, with ribs. There is a space from six to eight inches between the two cylinders: One crank turns both cylinders at the same time in oppoturns both cylinders at the same time in opposite directions, rapidly creating a suds, forcing the water through the clothes, and effectually removing the dirt. HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-CITTLES CELEBRATED STOMACH BE TERS can appeal with perfect confidence to positions and citizens generally of the Unitedities, because the axiole has attained a repuaction heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a halfmailton bottles, and from its manifest steady inguase in times past, it is evident that during the coming year the consumption will reach harden, million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the spacetion of the most prominent. physicians in those sections of the country where the arricle is best known, who not only recommend the Bitters to their patients, but the ready at all times to give testimonials to its cancary in all cases of clonachie derangements and the diseases resulting therefrom 11 the diseases reguling therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeding the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostopier's Stomach Bitters have proved a Godeend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases; is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and injuris renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, and ty but powerfully, and soon restores them Ao acondition essential to the healthy discharge

of the functions of nature. Allierly persons may use the Bitters daily as 1 or directions on the bottle, and they will find ic it a stimulant peculiarly adapted to comfort distinuing years, as it is pleasant to the palate, insignrating to the bowels, excellent as a tonic, and rejuveniting generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility; acting under the advice of physicians, they have abandoned air delections drugs and fairly tested the merits of this article. A few words to the ractis of this article. A few words to the pender sex. There are certain periods when their cares are so hardssing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the nother, especially if she be young, is upt to Acque her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of hody and mind is fenerally angergand. Here body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Litters to all other invigoraiors that receive the endersement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of bodily strength.

All those persons, to whom we have particularly referred above, to wit: Sufferers from
fever and agne, caused by malaria, diarrhoa,
dyservery, indigention, loss of appetite, and
all diseases or derangements of the stomach,
superannuated invalids, persons of sedentary
occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION .- We caution the public against using any of the many imitations or counter-fens, but ask for Hostetten's Celebrated STOMACH BUTTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph algorithms as on the
