Above, we present you with a perfect likeness of Tence, a chief of a tribe of the strangs Askee Nation, that once ruled Mexico. You will find a full account of him and his people in our lamphlets and Almanacs—to be had gratis, from the agents for these Fills.

The inventor, and manufacturer of "Jr bee's Mean fain Herb Fills," has a spent the greater part of his fife in traveling, having visited nearly every country in the world. He spent over six years among the Indians of file Rocky Mountains and of Mexico, and it was thus that the "MOUNTAIN HARR FILL?" were discovered. A very interesting account of his afternuters there, you will find the unit Almanac and l'amphies.

IMPURE BLOOD!

The blood is the life! and when any foreign or unhealthy fatter gets mixel with it, it is at once distributed to every organ of the body. Every-gerve feels the poisson, and all the vital organs quickly complain. The stoomach will not digest the food perfectly. The liver crases to secrete a subnetency of bile. The action of the heart is weakened, and so the circulation is feeble. The lungabeouns cloged with the poissonus matter; hence, a tought—and all from a slight impurity at the fountainhead of Kie—the Blood! As if you had thrown some-earth, for instance, in a pure spring, from which ran a tiny tivulet, in a few minutes the whole course of the attemt becomes disturbed and discolored. As quickly does impure blood by to every part and leave its sting behind. All the passages become obstructed, and unless the obstruction is resired, the lamp of life seen dies out. I These pills not only purify the blood, but regenerate all the secretions of the body; they are, therefore, unrivailed as a

They purify the blood, remove obstructions of all kinds, cleance the skin of all pimples and blotches and bring the fich color of health to the pale check. 43" The Plants and Herba of which these Pills are made, were discovered, in a very surprising way among the Tenucan, a tribe of Aborigines in Mexico. STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELUBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and sitiz as generally of the United States, because the article has attained a reputation hereiologe untrawn. A few facts upon this point will speak more powerfully than values of bare assertion or blaconing puffery. The consumption of floresteer's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady, the coming year the consupption will reach pear one milk a kettles. This immense amount medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those rections of the country where the article is best known, who not only recommend the latters to their patients, but efficacy in all cases of stemachic derangements and the diseases resulting therefrom. This is not a temporary popularity, obtained by extraordinary ellows in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stouneh Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stometh, purifies the blood, and Loparts renewed vitality to the nervous system. g ving it that tune and energy indispensable for the restoration of health. It operates upon the stomach, liver, and ther digestive organs, nild y but pawerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of mature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suff ring from stomach derangements and general debility: acting under the advice of physicians, they have alandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of then sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety to her infant. Should the period of maternity body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-fate the energies of the system, and enable the mother to hear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigorafors that receive the endorgement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodi'y strength. All those presents to whom we have particularly referred above, to wit: sufferers from fever and agen, caused by malaria, diarrhos, dysentery, indigestion, loss of appetite, and all diseases of derangements of the stomach,

all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing hothers, will consell their own physical welfare by giving to Höstetter's Celebrated Stomach Bitters a trial CAUTION .- We caution the public against using any of the many imitations or cour feits, but ask for Hostetten's Celebrated Stonarh Bittens, and see that each bottle has the words "Dr. J.
