ARNYR, we present you with a perfect likeness of Terreo, a chief of a tribe of the strange Artice Nation, that oftee ruled Naxion. You will find a full account of him and his people in our l'amphieta and Almanace—to be had gratis, from the Agents for these Pills. The inventor and manufactures of "Juston's Mountain Herb Pills." has apent the greater part of his life in traveling; having visited nearly every downty in the world. He apent over six years among the Indians of the Rocky Mountains and of Mexico, and it was thus that the "Nountain Herb Pills" were discovered. A very interesting account of his adventures there, you will find in our Aimanose and Pamphiet.

It is an established fact, that all diseases tree from

IMPURE BLOOD!

The blood is the life! and when any foreign or unhealthy reatter gets mixed with it, it is at once distributed to every organ of the body. Every nerve feels the poison, and all the vital organ quickly complain. The stomach will not digrest the food perfectly. The liver ceases to secryte a sufficiency of bile. The action of the heart is wrekened, and so the circulation is feeble. The lungs become clogged with the poisonous matter; hence, a cough—and all from a slight impurity at, the fountain-head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet, in a few unbutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood fy to every part, and leave its sting belind. All the passages become obstruction, and unless. the obstruction is removed, the lamp of his soon dies out. These pilb not only purify the blood, but vegenerate all the secretions of the body; they are, therefore, unrivalled as a

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizins generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upor this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Linters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom This is not a temporary popularity, obtained by extraordinary efforts in the way of trum-

pering the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as timede.

mild'y but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Eldody persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have shandoned all deleterious drugs and fairly tested the merits of this article. A few words to the centler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if the be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of bodily strength.
All those persons to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhees, dysentery, indigestion; loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hosterten's Celengaren BTOMACH BITTERS, and see that each bottle has

the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the Prepared and sold by HOSTETTER &

years practice, seen a single case recover by any other treatment. * * * Under the treatment of the Hypophosphites, all the bad symptoms ceased; and they have gained flesh and strength, and health—some of them better than The other cases under my care were in the incipient stages, and in them all symptoms and traces of the disease have disappeared. Of those who were not under my care, I have not heard of a single patient who did not express himse'f benefitted by the use of the Remedy; although in some of them the disease was too far advanced to admit the possibility of recovery.
