## HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physician appear win period conjudence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than sommes of bare assertion or blazafing puffery. The consumption of Hostetter's Stomuch Bitter for the last two appears and the last two appears as a last ters for the last year amounted to over a halfincrease in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount morar bara boon

nedicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Ditters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachie derangements efficacy in all eases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Enters, but a solid estimation of an arraduable medicine, which is destined to be as orduring as time itself.

Hostetter's Stounch Bitters have proved a Godsendy to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to plate confidently that the "Bitters" are a certain cure for the Dynapsia and like

are a certain cure for the Dyspepsia and like are a certain cure for the Dyspepsin and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly, but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

to accondition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the boule, and they will find in it a stimulant peculiarly adapted to comfort decliaing years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stemach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harnssing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of materaity. for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravatided. Here, then, is a necessity for a stimuland to recuperate the energies of the system, and enable the mother to bear up under her exhausting trails and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particu-

All those persons, to whom we have particularly referred above, to wit: sufferers from fever-and ague, caused by inslavia, diarrhoza, dysentory, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannusted invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.
