-----Reliable Testimony.

We call the attention of the reader to the following letter from President Smith, formerly of Wesleygn University, and now of Annapolis, Md.

MIDDLETOWN, Conn., Feb. 28, 1859. SETH W. FOWLE & Co. - Gentlemen: - I first made use of the Orygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the The use of one bottle, warranted a futurer trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspelite symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspepsia as most persons. These Bitters have also been of ser-vice to other members of my family. Very respectfully yours,

AUGUSTUS W. SMITH.

RICHMOND, Tioga Co., Pa., Aug. 25, 1858. GENTLEMEN, - After suffering for more than thirty years with Dysprpsia, and trying many remedies becommended for that disease without any good result, I was induced, by Dr. F. H. White of Mansfield, to give the Ozygenated Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a cure. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from my food. I take treat pleasure in recommending the Bitters to all afflicted with Dyspepsia and its concomitant diseases.

> From Dr. White. MANSFIELD, Tioga Co., Pa., Aug. 26, 1858.

I have used the Organized Bitters in my practice with decided success in debility and general prostration, &c., and confidently recommend them in general debility, and diseases of the digestive organs. F. H. WHITE, M.D.
