The absence of a high-toned Educational. Literary, and Religious Weekly Paper is a want that has long been felt in Eastern Pennsylvania, and which we now attempt to supply. The union of the various departments above memod, is a donecytion perfectly original, and is such as the progressive spirit of the ane demands. It is a project, to fir as we are aware, I hever before carried into successful execution in this country. A paper of this kind is more urgently needed, from the fact that strictly Educational Journals-are too often found dry and uninteresting from a want of variety, as well as Literary userit in the matter inserted.

Sensation Literature, now so prevalent, has met with the marked indifference and even disdain of the more highly educated and moral portions of the community, and has also been streamously denounced from the pulpit. The class entertaining these opinions, is nowmmerous and capidly mereasing in numbers and influence, and we propose, by its aid, to establish our perfodical and disseminate a sound, healthy and entertaining literature, that supplant, or, at least, partially present the reprod of the injurious literature of the day. HOLLOWAY'S PILLS.

NERVOUS DISORDERS.

WHAT is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer, or epirits, or far better, none; taken ocoffee, weak tea being preferable; get all the fresh air you can; take three or four Pills every night; earl plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind, strong in body, and forget you have nerves. Mothers & Daughters. If there is one thing more than another for which there Pills are famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, at removing dangerons and suspended secretions. Universally adopted as the grand remedy for female complaints, they never fail, never weaken the system, and always bring about whats required.

Sick Headache and Want of Appetite. These feelings which so sadden us, most frequently arise from annoyances or trouble, from perspiration, or from caling and drinking what is untit for us, thus disordering the riomach and liver. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both-liver and itomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarredy any other medicine is ever used for these disorders.

DISORDERS OF THE KIDNEYS. In all diseases affecting these organs, whether they se-crete too much or too little water; or whether they be af-flicted with stone or gravel, or with aches and pains settled in the foling ayer the regions of the kidneys, these Pills should be taken according to the printed directions, and the Olntment should be well rubbed into the small of the back at bed time. This treatment will give almost imme-ate relief when all other means have falled.

For Stomachs out of Order. No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity; occasiond either by intemperance or improper diet. They reach the liver and reduce 1830 a healthy action; they never full in curing all disorders of the liver and stomach. Holloway's Pills are the best remedy known

Reliable Testimony. We call the attention of the reader to the following letter from President Smith, formerly of Wesleyan University, and now of Annapolis, Md.

made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty pears from a form of dyspensia, which was attended with a day in a week, I was induced, by the unpretending recommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use."

The use of one bottle warranted a further trial; to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the liabits of my system, and upon the active energies of the digestive organs. I now doem myself as exempt from Dyanemain

vice to other members of my family. Very respectfully yours,

GENTLEMEN, - After suffering for more than thirty years with Dyspepsia, and trying many remedies recommended for that disease without any good result, I was induced, by Dr. F. H. White of Mansfield, to give the Organized Bitters a trial, I took two bottles, which gave me so much relief that I purchased two which have nearly or quite effected a cure. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from my food. I take great pleasure in recommending the Bitters so all
