HOSTETTER'S STOMACH BITTERS.

SAYRE & BRO., Agents, Montrose. (dec 22

The proprietors and manufacturers of HOS. TETTER'S CELEBRATED STOMACH EIT. TERS can appeal with perfect confidence in physicians and citizens generally of the United States, because the article has attained a repultation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bore assertion or blozoning puffery. The consumption of Hestetter's Stomach Lit-ters for the last year amounted to over a half million buttles, and from its manifest steady milion butters, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare properties contained in the prepa

tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to ils efficacy in all cases of stomachic derangements and the diseases resulting therefrom. and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by handreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsla and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, lavigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious, drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them of the functions of nature. gentler. sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season the wear of hods and mindis senerally agrees that there

arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase well as certain to give a permanent increase well as certain to give a permanent increase of hodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannunted invalids, persons of sedentary occuration and nursing methers, will consult occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. The IBON being absorbed by the blood, and thus circulating through the whole system, no part of the body can escape their truly wonderful influence.

The experience of thousands daily proves that no preparation of Iron can for a moment be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. In all cases of female debility (fluor albus, chlorosis, etc.), its effects are delightfully renovating. We remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete-digestion, rapid acquisition of strangth, with an unusual disposition for active and cheerful exercise, immediately follow its use. As a grand stomachie and general restorative it has no superior and no substitute.
