STOMACH BITTERS. The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH PIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than rolumes of bare assertion or blavoning paffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a halfmillion botiles, and from its manifest stead increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This images amount could never have been sold but for the pare medicinal properties contained in the prepara-tion, and the sauction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, h are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom. and the diseases resulting therefrom.

3 This is not a temporary popularity, obtained
by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid
estimation of an invaluable medicine, which is
destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved

a Godsend to regions where fever and ague and various other billous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of in-alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts ronewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the pulate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach de-rangements and general debility: acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so liarassing that many of them fink under the trial. The relation of mother, and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer senson, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to begr up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as

well as certain to give a permanent increase well as certain to give a permanent increase of bedily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhæn, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary conventions and pursing reports. occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION .- We caution the public against using any of the many imilations or counter-feits, but ask for Hostetten's Chlebnaten STOMACH BITTERS, and see that each bottle bus the words "Dr. J. Hostetter's Stomach Bitters"

blown on the side of the bottle, and stamped on the metallic cap covering the cork, observe that our autograph signature is on the Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South Ame-

The experience of thousands daily proves that no preparation of Iron can; for a moment be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. In all cases of female debility (finor albus; chlorosis, etc.), its effects are delightfully renovating. No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.
