HENRY D. FOSTER. The prospect for the election of our gallant candidate for Governor, are getting brighter every day.
A letter from Old Berks informs us that bld citadel of Democracy will roll up at least 7,000 majority for him. In the Eastern part of the State we can look for stunning FOSTER majorities. This is what Curtin alluded to the other night when he appealed to the Republicans of Eric county to help save him from the opposition of the "cotton interest" in Philadelphia. He knows as the candidate of a sectional party he will be beaten by thousands in Philadelphia. In the West, FISTER will redu the Republican major ity handsomely, his personal popularity here being great. The Curtin is about to fall .- Erie Gazette.

THE CENSUS CLERKSHIP.—Great consternation has seized the army of applicants for census clerkships at Washington, in consequence of inability to pass the rigid examination to which they are subjected in mathematics, in general knowledge of statistical subjects, &c. The examining committee had these twelve appointees in hand for three hours and a half, and among the rejected ones was a professor in a literary institution! This rigidity will secure an excellent force of competent clerks, but it has frightened the applicants. Persons who have been in office here for years, as high as the chief clerkship of an important bureau, undergo the same minute examination.

It is always the case at the time of Presidential elections, that the opposition to the Democracy start into the campaign perfectly sure of success. After a time they are not quite so sure—things change, and facts speak louder than boasts, or the glare of torches: then as the elction approaches they get on the anxious seat, and when the voting comes they are routed, "horse, foot and drgoons. So it has been in times past. So it will be this fall.

REPUBLICAN "PROTECTION." Justice and truth, everything like fairness and honesty, seems utterly discarded by the Republican party, The Tribune, a Republican organ, says "A protective Tariff is the Republican creed;" and W. C. Bryant, editor of the old free trade Evening ant, editor of the New York electoral ticket. He is the Republican candidate, and he says: "If Republicanism means protection to American labor, he does not belong to the party." So much for the "protection" of a leading Republican organ, and so much for the open declaration of the free-trade editor who leads the Lincoln electoral ticket in the State of New York. This agrees too, with their Republican Vice President, Hamlin, an antitariff man, who was the bitterest enemy of Mr. Clay and his protection to Ameri can industry. Now see the astounding fraud. This same Republican party. steeped in negro hypocrisy to the very lips is praticing, if possible, a still greater imposition upon the honest working men of our State—the productive classes of Pennsylvania.

FATAL STEAMBOAT ACCIDENT ON LAKE MICHIGAN.—The Lady Elgin, a large and handsome steamboat engaged in trade be-tween Chicago and Bayfield, Wis. was struck by a schooner on the 8th inst., and in half an hour went down. Several military and fire companies were on board, and at the time of the collision were enjoying themselves by dancing. The number of excursionists was unusually large, and the three boats belonging to the steamer were entirely to small to be of any assistance in rescuing the drowning passengers. Hence, out of four hundred persons on board; only fifty-five are known to have been saved.

The Luzerne Union, of a recent date, states that a valuable horse belonging to E. W. C. Gildersleeve, of Wilkes Barre, was stung to death by a swarm of bees, which covered, him literally, as with a blanket.

Whatever else may be our destiny. it now appears quite certain that Abe Lincon cannot be chosen, by the people of the United States, to the Magistracy.

Dyspepsia.—Few diseases are so painful and so defiant to the power of medicines as this. No remedy analogous to the Oxygenated Bitters has ever been introduced. In cases where it has been administered its effect is remarkable. In Heart-Burn, Flatulency, Acidity, Water Brash, and Debility, it is equally salutary. Prepared by S. W. Fowle & Co., Boston. Sold by Druggists and Agents every-

Holloway's Pills, and Ointment. Success the attribute of Merit. Erysipe las and cutaneous diseases. If popularity be the test of a medicine, Holloway's Pills and Ointment are assuredly the greatest remedies of this or any other age as they are unconfined to nations or people, being as familiar to the denizens of the backwoods as the citizens of New-York, London, Paris, Vienna, Berlin, St. Petersburg, &c. Their universality is however the least of their merits. Their safe and speedy cures of Erysipelas, Salt-Rheum, King's Evil, Scrofula and all skin diseases, are their chief recommendation. Persons afflicted with any of the above disorders should have immediate recourse to them.

Moffat's Life-Pills.—The high a envied celebrit which this pre-eminent modicine has acquired for invariable emicacy in all diseases it professes to cure, has rendered the usual practice of ostentatious puffing not only unnecessary, but unworthy of them. They are known by their fruits; their good works testify for them, and they thrive not by the faith of the credulous. In all cases of costive ness, dyspepsia, billous and liver affections, piles, fever and agues rheumatism, obstinate headaches, and general derangements of health, these Pills have invariably proved

JUDSON'S MOUNTAIN HERB PILLS.—How strange and wonderful it often sceins to us that a medicine composed of simple mountain herbs and roots, should so certainly search out and cure disease. How surprising that the Indians ahould know and procerve so long and well a secret that has escaped the search of the greatest physicians the world has ever seen. True, the ancient inhabitants of Mexico were a strange race, found by the Spanlards living in large cities, and allowing for their strange customs and religiou as well civilized as their conquerors. In the worls of a writer of some celebrity, "They have perfahed from the earth, their cities are gigantic piles of periahed from the earth, their cities are gigantic piles of ruins, their Kings and Princes so mighty in their life, are forgotton; their ruins and their medicine alone are left." The united testimony of all intelligent persons is, that JUDSON'S MOUNTAIN HERB PILLS are the most sucresaful medicine in the world in curing disease.

Judson's Mountain Herb Pills are sold by all Medicin

dealers. Sold in Montrose by Sept. S. H. SAYEE & BRO. ALL PERSONS afflicted with the Fever and Ague sho'd not spare either time, trouble, or expense, to procure Dr. Hostetter's CELEBRATED BITTERS, whose beneficent effects upon the system has been clearly proved to thos who have been stricken down in a short space of time by this dreadful curse, whose cheeks are wan and meagre and whose nights are sleepless and sestless, and whos eves are dim and aunken, with death staring them in the face, this compound must prove a blessing; snatching them as it were from the month of the grave. None can

know its true value until they have tested it. When all others have failed, these Bitters have restored the suffer-

ers to pristine health. Their popularity in all the West-ern and Southern parts should introduce them to all fam-

The absence of a high-toned Educational, Literary, and Religious Weekly Paper is a want that has long been felt in Eastern Pennsylvania, and which we now attempt to supply. The union of the sarlous departments above named, is a conception perfectly original, and is such as the progressive spirit of the age demands. It is a project, iso lar as we are aware, I never before carried into successful execution to this country. A paper of this kind is more urgently needed, from the fact that strictly Educational Journals are too often found dry and uninteresting from a want of variety, as well as Literary merit in the matter inserted.

The mentally exciting and morally debasing

The mentally exciting and morally debasing Sensation Literature, now so prevalent, has met with the marked indifference and even distain of the more highly educated and moral portions of the community, and has also been strenously denounced from the pulpit. The class entertaining these opinions, is now numerous and rapidly increasing in numbers and influence, and we propose, by its aid, to establish our pertudical and disseminate a sound, healthy and entertaining literature, that supplant, or, at least, partially prevent the rapid spread of the injurious literature of the day.

For the reasons just given, it is believed that it can be made worthy of, and that it will receive the commist, and EARMEST SUPPORT of, the

Friends of Educational and Religious Prog-ress Everywhere. THE MUSEUM will contain the very essence of more of more than fifty of the best periodicals, both National & Foreign, and in all the departments above named, this selected matter will be presented in the most condensed form, consistent with the original sease and beauty of the article, thus abridged and transferred; or, when the selections are not too lengthy, they will be inserted in full.

No expressions offensive to the MOST PASTIDIOUS TASTE will be permitted to enter our columns; but it is our intention to make it emphatically a work for the MOST cancel.

We hope ever and boldly to maintain, and ardently to THE NOBILITY OF LABOR and the True Dignity of Honest Human Toil.

Our columns will be entirely devoid of the turmoil of political controversy, so wearlsome and repugnant to a large portion of the community. We shall not knowingly advocate the religious doctrines of ony particular sect or church, but shall shall view the subject of fieldigion in its general—les antiversal aspects.—None the less carneally will we proclaim the glorious results that it has wrought in all ages and in all climes, and urge our readers to embrace its sacred truths, for the sake of their future and cternal wolfare. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay a stranger or citizen to visit Ildolpho Wolfe's extensive warchouse, Nos. 18, 20 & 22 Beaver at. and Nos. 71, 19 & 21, Marketseld at. His stock of Schnapps on hand ready for shipment could not have been less than 9,000 cases; the Brandy some 10,000 cases—Vistages of 1826 to56; and 10,000 cases of Madelfra, Sherry, and Port Wine, Spotch & Irish Whisky, Jamasica and St. Croix Rum, some very old and equal to any in this country. He had also three large cellars, filled with Brandy, Wine, &c., in casks, under the Castom House key, ready for bottling. Mr. Wolfe's axie of Schnapps last year amounted to 189,000 dozen; and we hope in less than two years he may be equally

THE OXYGENATED BITTERS, THE OXYGENATED BITTERS.

Reliable Testimony. We call the attention of the reader to the following letter from President Smith, formerly of Wesleyon. University, and now of Annapolis, Md. MIDDLETOWN, Conn., Feb. 98, 1858.

FETH W. FOWLE & Co .- Gentlemen: - I ficet made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than oneday in a week, I was induced, by the unpretending reconmendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an

almost entire relief from the usual dyapeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now deem myself as exempt from Dyspensia. as most persons. These Bitters have also been of esc-vice to other members of my family.

THE OXYGENATED BITTERS.

RICHMOND, Tioga Co., Pa., Aug. 95, 1868. GERTLEMEN, - After suffering for more than thirty years with Dyspeysis, and trying many remedies resommended for that disease without any good result, I was induced, by Dr. F. H. White of Mansheld, to give the Organized Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly or quite effected a cure. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from my fool. I take great pleasure in recommending the Bitters to all afflicted with Dyspepsia and its concomitant diseases. A. HEBARD
