Sixty Republican members of Congress "cordially endorsed" the following sentiment in Helper's book: "Not to be an abolitionist is to be a wilful and diabolical instrument of the devil."

When John Brown was convicted of murder, and hung for his crimes, the Republicans held sympathy meetings in all their strongholds, and tolled bells, and Jasse I resolutions that John Brown was a christian martyr, and the gallows upon which he was hung more glorious than the

following paragraph.
"We propose that the Republicans, as the larger section of the opposition, be permitted to name one of their number for President, to be sustained by the entire opposition, while the Americans and National Whigs propose the vice-president. The ticket thus formed shall be supported by the entire opposition, each party and each State making his own platform, and none being committed to any but his own doctrines or propositions and the United opposition to be designated Republican, 'American,' 'Union.' Power publican, 'American,' 'Union,' 'People's party,' or whatever else the voters in any locality may choose."

Does the Tribune see any cheat in that? Or has it changed its mind in the past six months. Now it calls all combinations cheating and hypocrisy except they bring voters to the republican ticket.

Dyspersia.-Few diseases are so painful and so defiant to the power of medicines as this. No remedy analogous to the Oxygenated Bitters has ever been introduced. In cases where it has been administered its effect is remarkable. In Heart-Burn, Flatulency, Acidity, Water Brash, and Debility, it is equally salutary. Prepared by S. W. Fowng & Co., Boston. Literary notices from the press throughout the country. This Suxix Souria.—This book is composed of a series of letters, written in an interesting style of narrative, embodying the most romantic features of a social life on different kinds of plantations. We can bear testimony from our own observation of similar scenes in the South, to their truthfalmes as shere depicted. They are portrayed in a virid, interesting style, and we would like to see the book in the hands of thousands of decleved people, who have no personal knowledge either of Southerners or Southern life, except what they have gained from partisan journals, or those who intentionally have written to deceive."—Daily Republic, Buffalo, N. Y.

This Sunny Sourit.—"This volume is in the form of letters. They give, so far as we can judge, faithful picinres of Southern life, and are penned without prejudice. They present scenes quite different from an "Uncle Tom's Cablu." the pictures presented here are quite graphic, and we think the portraits painted arain very nearly natural colors."—Boston Pally Bee.

This Sunny Sourit.—"We have rarely peeped within the covers of a more appetizing volume. Although not intended as an answer to the foul untruths in the Uncle Tom trads of the last ten years, it nevertificies does unmercifully hurl back to their source all lies of such a nature, and we are gial to believe that the book will be read in thousands of Northern homes. The South also should take to it benignantly for independent of its truthulness and integrity it. is one of the liveliest and most entertaining books of the year."—Times, Greensboro, N. C.

THE SUNNY SOUTH.—"This is a capityating volume, strongly libus rative of Southern life. The heart of the authoress is with her theme, and she carries the interest of the reader along with hey, as she, in her ammend this book to all.—Daily Negs.

"In this work the author has succeeded in the bold and daring task of presenting the great leading historical parts of scripture in connection with secular history, so as to present the clear and life-like picture of those events as they might be supposed to appear to a casual observer. The descriptions of rites and ceremonials, are spirited and comprehensive. The absence of a high-toned Educational, Literary, and Religious Weekly Paper is a want that has long been felt in Eastern Penn-ylvania, and which we now attempt to supply. The union of the various departments above named its a conception perfectly original, and is such as the progressive spirit of the age demands. It is a project, [so far as we are aware] mover before carried into successful exception in this country. A paper of this kind is more urgently needed, from the fact that sprictly Educational Journals are too often found dry and uninteresting from a want of variety, as well as Literary merit in the matter inserted.

recrited. §
The mentally exciting and morally debasing Sensation Literature, and even disdain of the more highly educated and moral portions of the community, and has also been streamously denounced from the pulpit. The class entertaining there opinions, is now numerous andirapidly increasing in numbers and influence, and we propose, by its aid, to establish our periodical and disseminate a sound, healthy and entertaining literature, that supplant, or, at least, partially prevent the rapid spread of the injurious literature of the day. For the reasons just given, it is believed that it can be made worth of, and that it will receive the commandance and Easister septement of, the EARNEST SUPPORT of, the

Priends of Educational and Religious Progress Everywhere. THE MUSEUM will contain the very essence of more of more than fifty of the best periodicals, both National a Foreign, and in all the departments above named, this selected matter will be presented in the most condensed form, consistent with the original lense and beauty of the article, thus abridged and transferred; or, when the selections are not tog-lengthy, they will be inserted in fall. No expressions offensive to the most resemblous tasts, will be permitted to enter our columns; but it is our intention to make it emphatically a work for the most cutcut\_lor father or mother, brother or sister, and for the

chaol. This Journal will warmly espouse the CAUSE OF TOILING HUMANITY, Be it in the workshop or on the Farm,-

in the durky Mine or on the Stormy Ocean. ch We hope ever and boldly to maintain, and ardently to THE NOBILITY OF LABOR! and the True Dignity of Honest Human Toil

Our columns, will be cotirely devoid of the turmoil of political controversy. So wear isome and repugnant to a large portion of the community. We shall not knowingly advocate the religious doctrines of ony particular sect or charch, but shall shall view the subject of Religion in its general—its universal aspects.—Nome the less carnestly will we proclaim the glorious results that it has wrought in all gives and in all climes, and upge our readers to combrace its sacred truths, for the sake of their future and eternal welfare. Many of the BEST CONTRBUTORS

in this and other States, will furnish articles for our col-nums, especially for the Educational Department, which will be made the prominent feature of our paper. TO THE FRIENDS OF MENTAL, CLASSICAL & NORMAL SCHOOL, MORAL & RELIGIOUS PROGRES we would say: Ald us ilberally in this noble enterprise. At present we shall advance nothing more in favor of the Court we six now making. By our works we are willing to be judged. The first issue of the MUSECH will afford much additional explanation of the project proposed; that issue of the musecular will be dated. October 18th; after which time we expect to publish it weekly at 22 per annum, in advance. See terms for Clube in the first issue. Specimen copies sent to all who desire then the first issue. HEALTH AND ITS PLEASURES Or Disease With Its Agonies: Choose Between Them

HOLLOWAY'S PILLS

NERVOUS DISORDERS. WHAT is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one:—drink but little wine, beer, or spirits, or far better, none; take no coffee,—weak tea being pre-ferable; get all the fresh air you can; take three or four little every night; eat pleuty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind, strong in body, and forget you have nerves.

Mothers & Daughters. If there is one thing more than another for which these Pills are falmons, it is their purifying properties, especially their power of cleansing the blood from all impurities, is removing dangerous and suspended secretions. Univer-sally adopted as the grand remedy for female complaints, they never fail, never weaken the system, and always bring about what is required. Sick Headache and Want of Appetite.

Sick Headache and Wantol Appendo.

These feelings which so sadden us, most frequently arise from annoyances or trouble, from perspiration, or from eating and drinking what is until for us, thus disordering the stomach and liver. These organs must be regulated if you wish to be well. The Pills If taken according to the printed instructions, will quickly restore a healthy action to both liver and fromach, whence follow as a natural consequence, a good appetite and a sclear head.— In the East and West Indies scarcely any other medicine is ever used for these disorders. DISORDERS OF THE KIDNEYS. In all diseases affecting these organs, whether they se-crete too much or too little water; or whether they be af-flicted with stone or gravel, or with aches and pains settled in this lobus over the regions of the kidneys, these Plas should be taken accordings to the printed directions, and the Ohamment should be well rubbed into the small of the back at bod time. This treatment will give almost imme-ate relief when all other means have failed.

For Stomachs out of Order. No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasione either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they never fall in curing all disorders of the liver and stomach. Holloway's Pills are the best remedy known

in the world for the following discusen: Agne, Fits, Goulden, Glout, Statuma, Glout, Statuma, Glout, Statuma, Statuma, Statuma, Statuma, Statuma, Saundice, Colles, Jaundice, Constipation of the Liver Complaints, Bowels, Lumbago, Consumption, Piles, Debility, Rheumatism, Froncy, Retention of Sore Throats, Stone and Graval.

THE OXYGENATED BITTERS.

THE OXYGENATED BITTERS,

Reliable Testimony. We call the attention of the reader to the following letter from President Smith, formerly of Wesleyon

University, and now of Annapolis, Md. MIDDLETOWN, Conn., Feb. 28, 1859. SETH.W. FOWLE & Co. - Gentlemen: - 1 fint made use of the Orygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspensia, which was attended with a nervous headache, on an average of not less than one day in a week, I was induced, by the unpretending secommendation of Dr. Green, "to try one bottle, and if no benefit was received to discontinue the use." The use of one bottle warranted a further trial, to the extent of some three or four, with a careful observance of the accompanying directions. The result was, an almost entire relief from the usual dyspeptic symptome and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the active energies of the digestive organs. I now does myself as exempt from Dyspepsia as most persons. These Bitters have also been of ess-

vice to other members of my family. Very respectfully yours, AUGUSTUS W. SMITIL

-RICHMOND, Tioga Co., Pa., Aug. 25, 1858. GENTLEMEN, After suffering for more than there years with Dyspessafraid trying many semedice recommended for that disease without any good result, I was induced, by Dr. F. H. White of Mansfield, to give the Organized Bitters a trial. I took two bottles, which gave me so much relief that I purchased two more, which have nearly of quite effected a cure. I am now nearly seventy-five years of age, and for three months past have felt no inconvenience from my food.

I take great pleasure in recommending the Bitters to all afflicted with Dyspersia and its concomitant diseases.

MANSFIELD, Tioga Co., Pa., Aug. 26, 1858. I have used the Orggenated Bitters in my practice with decided success in debility and general prostration, &c., and confidently recommend them is general de-bility, and diseases of the digestive organs.

DYSPEPSIA AND FITS. DISCRESSION, the great curer of Consumption, was for several years so hadly afficied by Dyspepenia that for a part of the time he was confined to his hod. He was eventually cured by a prescription furnished him by a young clairvoyant girl. This prescription, given him by a more child, while in a state of trance, has cured everyhody who has taken it, never having falled once. It is equally sure in cases of Firs as of Dyspersia.
