HOSTETTER'S

STOMACH BITTERS.

The proprietors and manufacturers of HOS-

TETTER'S CELEBRATED STORACH BIT-

TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-

tation heretofore unknown. A few facts upor

this point will speak more powerfully than volumes of bare assertion or blazoning puttery.

The consumption of Hostetter's Stomach Big-ters for the last year amounted to over a half-million bottles, and from its manifest steady

increase in times past, it is evident that during the coming year the consumption will reach-near one million bottles. This immense amount

could never have been sold but for the rare

tion, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only

recommend the Bitters to their patients, but are ready at all times to give testimonials to its

efficacy in all cases of stomachic derangements

and the diseases resulting therefrom

and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and

alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

of the functions of nature."

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic,

and rejuvenating generally. We have the cvi-dence of thousands of aged men and women who have experienced the benefit of using this

who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have shandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender: that the

and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety

for her infant. Should the period of maternity arrive during the summer season, the wear of

body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the

mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as

well as certain to give a permanent increase well as certain to give a personance of hodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoes,

disentery, indigestion, loss of appetite, and all disenses or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and hursing mothers, will consult their own physical welfare by giving to Hos-

tetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counter-

feits, but ask for Hospetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters"

blown on the side of the bottle, and stamped on the metallic cap covering the cork, and

observe that our autograph signature is on the

label.

The New American Cyclonadia is popular without being superficial, learned but not pe-dantic, comprehensive but sufficiently detailed, free from personal pique and party prejudice, fresh yet accurate. It is a complete statement of all that is known upon every important topic within the scope of human intelligence. Every important article in it has been specially written for its pages by men who are authorities upon the topics of which they speak. They are required to bring the subject up to the present moments to state just how it stands now. All the statistical information is from the latest reports; the geographical accounts keep pace with the latest explorations; historical matter include the freshest just views; the biographica notices not only speak of the dead; but also of the living.
